Vaughan's Giant Pansies

Collingwood East, British Columbia, Canada.—I won first prize on your International Pansies April 1st. M. J. COBURN.

Your International Pansies this past season were magnificent. THE ESTATE OF A. M. YORK, per J. H. Dale.

Sunapee, N. H., July 6, 1910.—After trying other kinds I agree with you that your "International Pansy Mixture" is the best in existence. A. W. BADGER.

Albion, N. Y., June 20, 1910.—I consider your "International Pansy Mixture" the cream of the earth. JULIAN T. DUQUETTE.

VAUGHAN'S "ELITE PANSIES"

This is not a complete mixture like our International; it does not contain any pure white, yellow or any self colors. It is comprised of the cream of four Pansy specialists' choicest and most expensive mixtures. **Trade pkt 50c, ⅛ oz $1.00.**

VAUGHAN'S PREMIUM PANSY MIXTURE

Embraces all the varieties of the Fancy German Sorts. We have sold this mixture for the past seventeen years, and it has given general satisfaction. **Per pkt 25c, ⅛ oz 75c, ½ oz $2.50, oz $5.00.**

IMPROVED GERMAN MIXTURE

This is a mixture of three strains from different German growers, and is made up mostly of separate colors, with a sufficiently large percentage of white and yellow. **Per large pkt 10c, ⅛ oz 20c, ¼ oz 30c, oz $1.00.**

VAUGHAN'S CUT FLOWER MIXTURE

VAUGHAN'S SPECIAL

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut flower growers, who have realized big returns from the sale of the flowers. Pansies are as easily grown as violets, require less care and bring better returns. **Trade pkt 50c, ⅛ oz $1.00, ¼ oz $2.00, oz $8.00.**

VAUGHAN'S "GIANT PANSY MIXTURE"

VAUGHAN'S SPECIAL

Embraces besides all the separate shades and colors, five special strains not listed elsewhere, and which can only be had in this and our International mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, the splendid Cassier strain. **Trade pkt 25c, ⅛ oz 60c, oz $4.00, ¼ lb $14.00.**

VAUGHAN'S INTERNATIONAL PANSIES *THE WORLD'S BEST.*

VAUGHAN'S SPECIAL

Vaughan's International Pansy Mixture was first prepared and offered by us in 1889. We import from all the best European sources, and personally inspected the fields of French and German specialists of their finest strains. These with the best American types made up the collection. Each year has added to the quality of its flowers, the variety of its colors. We buy every year novelties of known merit to improve the mixture. This is the reason it is always complete, always the latest and always the best mixture as we believe. We add to all the Pansy Mixtures which we now buy more than fifty per cent of the choicest named kinds obtainable, each in rightful proportion. We thus know what it will produce. This is one of the specialties which has established and held the reputation of Vaughan's Flower Seeds, and this one which we maintain most carefully, not alone as to quality, but in vitality and germination. You are beginning right in Pansy growing when you start with Vaughan's International Mixture. **Trade pkt 50c, ⅛ oz $1.50, ½ oz $5.00, oz $10.00.**

BONVALLET'S GIANT ASPARAGUS
(For Results)

34 Years

Experience in Supplying the Needs of Market Gardeners and Florists.

During the past few years we have increased our facilities in our different departments in many ways. Our nursery and greenhouse department and trial grounds at Western Springs have been greatly enlarged by more buildings and added purchases of land. Our New York Store, on account of growing trade and limited room, moved into new and more commodious quarters with an added storage building.

The rule of Vaughan's Seed Store in our dealings with our market gardener friends has been to tell exact facts as they are known to us concerning the seeds which we are selling to them, and we believe no gardener has yet found a label of a western grower in seeds which we have sold him as eastern grown. It is this dependable record of dealings with market gardeners and florists that has gained and held for Vaughan's Seed store its large per cent of the business of these critical planters.

BEET. It requires from 5 to 6 lbs. to Sow an Acre.

Crosby's Egyptian

The best early market Beet. The color is deep red, almost black, and the flesh is of much finer quality than the Old Flat English, being sweeter and smoother. For small beets for early market it has no equal. It reaches marketable shape earlier than any other sorts, and has good-sized tops, so that bunching is easy.

CROSBY'S EGYPTIAN. Vaughan's Selected Stock. **Oz 10c, ¼ lb 25c, lb 75c, 5 lbs $3.50.**

CROSBY'S EGYPTIAN. Regular stock. **Oz 10c, ¼ lb 15c, lb 60c, 5 lbs $2.25.**

DETROIT DARK RED TURNIP.

A grand Beet for bunching for market; tops exceptionally small and upright; roots are perfect turnip shape with small top roots. Color of skin dark blood red; flesh bright red. Quality is of the very best, sweet, tender and lasting. One of the best for the market gardener and the home garden. **VAUGHAN'S Selected Stock. Oz 10c, ¼ lb 20c, lb 70c, 5 lbs $3.00.**

CRIMSON GLOBE.

One of the most popular sorts with Market Gardeners for a main crop variety. The roots are medium size; almost globe shape and entirely free from rootlets, leaving the skin entirely smooth. The flesh, blood red, slightly zone, and of highest quality. **Price, ¼ lb 20c, lb 60c, 5 lbs $2.75.**

CABBAGE

VAUGHAN'S SURE HEADING SEED

VAUGHAN'S SELECT EARLY JERSEY WAKEFIELD.

Vaughan's Selected Early Jersey Wakefield. By far the best early Cabbage in cultivation. It forms fine, solid heads of good size, pointed shape, with few outer leaves. We offer an extra fine strain of this variety. Seed is grown from selected hard heads. **Oz., 25c.; 2 oz., 45c.; ¼ lb., 70c.; lb., $2.50.**

Large Jersey or Charleston Wakefield. This is a larger heading sort than the Early Jersey Wakefield and matures a few days later. It is a great favorite with Southern planters as the larger heads demand better prices on the early market. Re-selected seed. **Oz., 25c.; 2 oz., 45c.; ¼ lb., 70c.; lb., $2.50.**

EARLY ALLHEAD OR FAULTLESS.

Early Allhead or Faultless. This is the most popular Early Flat Head Cabbage. A sure-to-head sort with heads uniform in shape, large in size and of remarkable quality. Add to these points its earliness, and all things considered, it is the best One variety of Cabbage. The outer leaves are few, permitting close planting, thus growing more cabbages to the acre than loose outer-leaved sorts.

Oz., 20c.; 2 oz., 35c.; ¼ lb., 50c.; lb., $2.00.

Danish Ballhead. Our strain of this Cabbage is grown in Denmark by the most reliable grower there. It is the best late Cabbage for late Spring sales and for shipping. Long stem, medium sized head, extremely solid and long keeping. **Oz., 30c; 2 oz., 50c; ¼ lb., 85c; lb., $3.00.**

Dutch Winter or Hollander. This is the Cabbage most universally grown through the Wisconsin, Michigan, Illinois and Indiana cabbage districts. The heads are not large, are very solid, being just the right shape and size which the consuming trade demands. Our seed has had great success in all these districts and cannot be surpassed. Short stem. **Oz., 30c; 2 oz., 50c; ¼ lb., 85c; lb., $3.00.**

Dwarf Amager or Short Stemmed Danish Ballhead. A variety very similar to the Dutch Winter or Hollander. The seed, however, we imported direct from Amager Island, Denmark. **Oz., 30c; 2 oz., 55c; ¼ lb., 85c; lb. $3.00.**

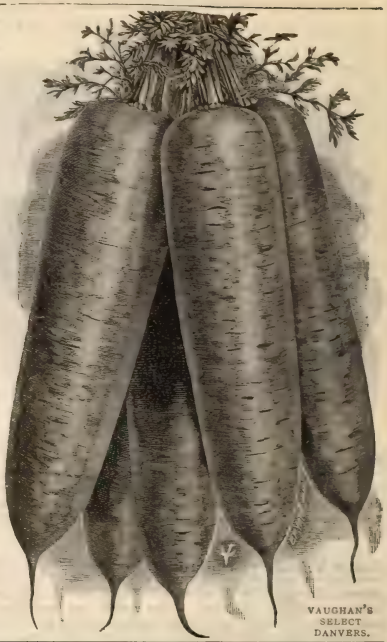
Danish and Holland grown seed is again short this year. Gardeners should order their supply early.



TWO VALUABLE NEW VARIETIES.

Glory of Enkhousen. A round-headed, very solid, fine ribbed, best quality early cabbage. We think this about the hardest heading, long keeping, early sort. Live gardeners should give it a trial. **Oz., 30c.; 2 oz., 55c.; ¼ lb., 90c; lb., $3.25.**

Danish Summer Ballhead. This is the Danish Ballhead of early cabbages. It closely resembles the Winter Ballhead, except that it is smaller and may be brought in with the very early flat head sorts. There is a trace of curliness on its outer leaves and a delicate flavor that suggests Savoy blood. Our market gardeners who have tried this are very enthusiastic. **½ oz., 15c.; oz., 30c.; 2 oz., 55c.; ¼ lb., 90c; lb., $3.25.**

EARLY CHANTENAY.

VAUGHAN'S SELECT DANVERS.

CARROTS

FOUR POUNDS TO THE ACRE

Our Carrot Seed is raised by experienced and careful growers who know the importance of selection and isolation and practice it. Our seed is clean, pure and true to name and should satisfy any market gardener, no matter how critical.

Early Chantenay

The Best Bunching Carrot.

This is the best early Carrot in existence, one which market gardeners should plant for their main early crop. The Carrots grow about six inches long, are stump rooted, very smooth, deep red, fine grained, sweet and sugary, and not apt to crack open while growing. An excellent table sort and a heavy cropper. Our seed is most carefully selected. **Lb., 70c.; ¼ lb., 20c.; oz., 10c.; 5 lbs., $3.00.**

GUERANDE, OR OXHEART

A thick Carrot, 5 inches long and very blunt at the lower extremity. It grows very rapidly and the roots attain a weight of more than a pound. It is tender, of good flavor and of a deep red color, and is a variety we can recommend to all market gardeners. **Oz., 10c; ¼ lb., 20c; lb., 70c; 5 lbs., $3.00.**

CAULIFLOWER, VAUGHAN'S EARLIEST DWARF ERFURT.

Vaughan's Selected Danvers

The Best Carrot for every purpose

For over 20 years have we sold this selected stock, and we never have enough seed to supply the demand. All the gardeners in Chicago know it, and plant no other if they can get ours. It is the most uniform in existence, always of good color, a splendid yielder and of excellent flavor. It is one of the easiest Carrots to harvest, will yield more tons to the acre than any other. We are proud of being the owners and distributors of this Carrot. It is one of the specialties which has made Vaughan's Seeds synonymous with "Best Seeds." **Oz., 10c.; ¼ lb., 25c.; lb., 85c.; 5 lbs., $4.00.**

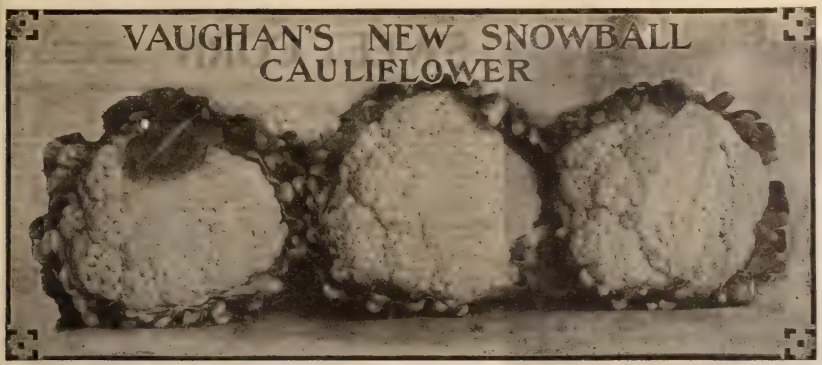
CAULIFLOWER

No seed is more important than this, as every gardener knows. It is one of the seeds in buying which price should never be questioned.

VAUGHAN'S EARLIEST DWARF ERFURT

Vaughan's Earliest Dwarf Erfurt combines all pedigree points—earliness, purity of color, dwarf habit, fine grain. This seed will produce cauliflowers worth the highest market price. It cannot be sold cheap for above reasons; but the shrewdest gardeners find it the most profitable. **Lb., $30.00; ¼ lb., $8.00; oz., $2.00; ¼ oz., 65c; Pkt., 25c.**



Danish Snowball This is a grand second early. It is the result of long, careful selection, and uniformly produces even, regular heads. Through many seasons it has proved itself reliable, and gardeners can trust it every time. **Lb., $20.00; ¼ lb., $5.00; 2 oz., $2.75; oz., $1.50; ¼ oz., 40c; Pkt., 10c.**

Dry Weather For dry climates and dry seasons. Gardeners who planted this last year had much better crops than those planting other sorts. Danish grown seed from the introducer. **Pkt., 20c; ¼ oz., 60c; oz., $2.**

Extra Early or Second Erfurt An Erfurt grown variety much like the Danish Snowball. **Lb., $20.00; ¼ lb., $5.00; oz., $1.50; ¼ oz., 50c; pkt., 10c.**

Large Early Erfurt A second crop sort. Larger than Extra Early Erfurt, a good sure header. **¼ oz., 40c; oz., 75c; ¼ lb., $2.50.**

THE seed of this strain was saved with the greatest care only from perfectly developed heads, which yield but little seed. Good Cauliflower seed is always high in price; cheap Cauliflower is a poor investment, because it cannot be good.

The best seed of this type of Cauliflower comes from Amager Island, near Copenhagen, Denmark. There the winters are mild, causing little loss from rot in the seed heads, and the cool, moist summers give ideal growing conditions for this vegetable.

Available ground is scarce and value high, so intensive culture is necessary.

Vaughan's Snowball is the result of years of careful selection by an experienced and most painstaking gardener, under these conditions.

Vaughan's New Snowball Cauliflower.

The best general purpose variety either for Spring or Fall planting.

Vaughan's New Snowball Cauliflower is a specialty of our house. It is on such particular seed as Cauliflower, in which the least variance from the true strain results in great injury to the grower, that a seed house builds up its reputation. We know our Cauliflower is the equal of anything that can be produced. In our trial ground tests we have tried nearly every strain of cauliflower offered on the market and, while we have found a few equals, we have never found a superior to Vaughan's Snowball. We pay more for our seed than probably does any large seed house in the United States just so that we can have it as near perfection as it is possible for man to grow it. High bred Cabbage and Cauliflower does not germinate as well as less carefully bred strains. Nevertheless we have taken such pains to reclean and re-sift our seeds after receiving them from the grower that our seed is always up to standard of growth. Head usually 9 to 10 inches across, perfectly white and very solid, deep and compact.

Vaughan's New Snowball Cauliflower is put up in packages as follows: Pkts., ¼ oz., ½ oz., 1 oz. and ¼ lb., sealed with our trade mark and with distinctive paper and printing.

Pkt., 25c; ¼ oz., 65c; ½ oz., $1.25; oz., $2.00; ¼ lb., $8.00; lb., $32.00.

WHITE PLUME, Vaughan's Selected Stock.

VAUGHAN'S CELERY MANUAL—
Written by a practical grower of 20 years' experience. Revised and published by J. C. Vaughan. **Price, postpaid, 50c.** Will be sent free if requested with a Celery seed order of $5.00 or with any general order for other seeds amounting to $5.00.

White Plume, Self-Blanching—Vaughan's Selected Stock We have not yet found a Celery that is as early and of as good a flavor, as crisp and tender, as our selection of this sort. We sell large quantities of this seed to market gardeners, who find it **uniformly white and free from green or hollow stalks.** It is not a good keeper, but it is excellent for Fall and early Winter use. **½ oz., 12c; oz., 20c; 2 oz., 30c; ¼ lb., 50c; lb., $2.00.**
WHITE PLUME—Regular Stock. ½ oz., 10c; oz., 15c; 2 oz., 25c; ¼ lb., 40c; lb., $1.50.

Golden Self-Blanching—Vaughan's Selected Stock **This is the best Celery for early use.** The stalks are much broader and heavier than those of the **White Plume,** and greatly superior in quality. It is ready for use nearly as early, producing dwarfer and much larger bunches of broad, heavy stalks, blanching to a **deep golden yellow.** The handsome color, crispness, tenderness, freedom from stringiness and nutty flavor of this variety make it only necessary to be tried in order to establish it as the **standard of excellence as an early sort. ½ oz., 35c; oz., 70c; 2 oz., $1.35; ¼ lb., $2.50.**
GOLDEN SELF-BLANCHING—Regular Stock. ½ oz., 15c; oz., 30c; 2 oz., 50c; ¼ lb., 90c; lb., $3.50.

"Winter Queen" This is without doubt the most valuable variety of Celery for Winter and Spring use. It is also much stouter, thicker and heavier, with **double the amount of heart of any known Celery.** The plant is of close habit and blanches to a beautiful cream white. Ribs perfectly solid, crisp and of a delicious nutty flavor. Grow Winter Queen once and you will always grow it. **½ oz., 12c; oz., 20c; ¼ lb., 50c; lb., $2.00.**

Vaughan's Giant Golden Heart **The best Celery for Winter storage.** Ever since we introduced this Celery it has gained in public favor and rightly so, for it is not only the best keeper, but **it is large, solid, as sweet as a walnut and of a beautiful golden color.** It is a selection from the Dwarf Golden Heart; grows much larger than its parent. **½ oz., 12c; oz., 20c; 2 oz., 30c; ¼ lb., 50c; lb., $2.00.**

STOWELL'S EVERGREEN

SWEET CORN

Vaughan's Extra Selected

THE FOUR BEST GARDEN VARIETIES.

MAMMOTH WHITE CORY. One of the largest and best extra early varieties. Each stalk furnishes two or more large, fine shaped ears, ready days before other large sorts. The ears are twelve-rowed, very symmetrical and handsome, with no opening between the rows at the base. The grain is large, broad, very white, and of remarkably good quality for such an early sort. The size and beauty of this variety gives it ready sale even when the market is over-stocked. Our strain is early and large. **Qt., 25c; ½ peck, 60c; peck, $1.15; bu., $4.50.**

IMPROVED EARLY CHAMPION. The Earliest Large Sweet Corn. Produces ears 12 in. long in 60 days. This new variety is without question the earliest large Sweet Corn yet introduced, being only a few days later than the first early small sorts. Ears nearly as large as the Mammoth; 12 rowed; pure white kernels, with medium sized white cob; very sweet, tender and full of milk; yielding two and three ears to the stalk. The best kind for early and late planting. **Qt., 25c; ½ peck, 60c; peck, $1.15; bu., $4.50.**

STOWELL'S EVERGREEN. The most popular main crop Sweet Corn. Ears numerous, kernels large, deep, white and of fine flavor. A late sort. To supply the right seed of this favorite has been our effort for many years. Seed grown near the Eastern Atlantic Coast has always shown by its flavor and shriveled ripened kernels the highest percentage of sugar known. We offer both selected seed from Eastern grown stock and Western grown seed from original Eastern stock.

Eastern grown .....**qt., 25c; ½ peck, 60c; peck, $1.10; bu., $4.25**
Western grown .....**qt., 20c; ½ peck, 50c; peck, 95c; bu., $3.75**

COUNTRY GENTLEMAN. One of the sweetest of all Sweet Corns, and also one of the most productive sorts, the stalks averaging three ears; sometimes as many as five; kernels and cobs are pure white; cob small, kernels deep, ears average nine inches in length. **Qt., 25c; ½ peck, 65c; peck, $1.25; bu., $5.00**

CUCUMBERS

IMPROVED LONG GREEN. A selection from the Long Green. Vines vigorous and productive, forming fruit fit for table nearly as early as the shorter sorts; fruit about 12 inches long, firm and crisp. The young fruits make excellent pickles, and when ripe are the best for sweet pickles. **Oz., 10c; ¼ lb., 25c; lb., 80c.**

COOL AND CRISP. The skin is very dark green, almost black, and covered with knobs, upon which the spines set, which gives the pickles a very attractive appearance. They are very early and prolific. As a cucumber for slicing it is splendid. **Oz., 10c; ¼ lb., 25c; lb., 80c.**

Rocky Ford Musk Melon.

MUSK MELON

Netted Gem—Rocky Ford.—Selected Stock.

This seed is carefully grown, selected and saved at Rocky Ford under the care and supervision of one of the most careful shippers. It is well known that much seed offered as Rocky Ford stock has been saved by local growers from surplus or cull Melons by men who know nothing of the responsibility of the seed business. Careful planters should avoid this kind of stock.

VAUGHAN'S SELECTED STOCK—From best melons in field. **Oz., 15c; ¼ lb., 40c; lb., $1.50.**

ORDINARY STOCK—Seed from entire field planted only for seed. **Oz., 10c; ¾ lb., 20c; lb., 60c.**

Oval Gem. Our regular stock of this at the following prices is first-class, carefully selected seed, such as no gardener need hesitate to plant. **Oz., 10c; ¼ lb., 20c; lb., 60c.**

Round Gem. This is the true original type of Netted Gem originated in Philadelphia, but our grower has improved it by weeding out so far as possible the oval type. **Oz., 10c; ¼ lb., 20c; lb., 60c.**

The Osage Gem. Early as Netted Gem; same size and shape. Flesh, orange, solid and of best flavor. **Oz., 10c; ¼ lb., 30c; lb., $1.00.**

VAUGHAN'S PAUL ROSE or PETOSKEY.

The best and most uniformly high quality table Melon introduced in ten years. This is a cross of the Osage with the Netted Gem, and combines the sweetness of the former with the fine netting of the Gem. It has also the firmness of meat, salmon color, and cheesy structure peculiar to the Osage. In this respect it is superior to any Melon in existence, because of this thick, solid flesh, free from stringiness, which does not become watery or 'break down' in keeping, retaining its form twice as long as any other shipping Melon. **PRICE: Vaughan's Selected Seed, oz., 20c; 2 oz., 40c; ¼ lb., 60c; lb., $2.00.**

Vaughan's Regular Stock, oz., 15c; ¾ lb., 25c; lb., 80c.

VAUGHAN'S ORIGINAL OSAGE.

This famous Melon is our own introduction, and we take special pride in maintaining the quality and superiority of our stock. We pay many times the prices given ordinary seed growers to get our seed raised in the best locality and then selected from merchantable early Melons. Seed obtained from culls left in the field after marketing is over can be bought cheaply, but is high at any price. However, seed taken from early choice market melons must bring a high price, though really a hundred times cheaper than the other. Salmon flesh, high table quality, during the last season was the best Melon on the Chicago Market. Our strain is dark skinned, but moderately netted.

Vaughan's Selected Stock—Oz., 20c; 2 oz., 35c; ¾ lb., 65c; lb., $2.25.

Ordinary Seed—Entire field grown for seed, but seed not chosen from special melons. **Oz., 15c; ¾ lb., 35c; lb., $1.10; 10 lbs., $10.00.**

Special Shipping Osage Slightly more netted than original type; especially selected for shipping. **Oz., 15c; ¼ lb., 45c; lb., $1.50.**

Raised From Vaughan's Special English Spawn.

FRENCH MUSHROOM SPAWN.

French Spawn is planted for the growing of button mushrooms. Ours is the very best to be had, being sown from selected mushrooms. Put up in boxes of 2 pounds each. **Price, per box, 75c; if by mail, $1.20. The same loose, per lb., 35c; if by mail, 45c; 10 lbs., $3.20.**

The essentials in Mushroom growing are: an even temperature, 55° to 60°, maintained day and night; well prepared beds with good manure; a moist atmosphere, where the air is dry beds lose their moisture quickly and must be watered. Water applied directly to a Mushroom bed always injures the crop.

MUSHROOMS

The last few years have shown a large increase in the amount of Mushrooms grown and still the prices are not only maintained, but increased. Vaughan's Seed Store has been most successful in supplying with satisfaction both the Imported English Spawn (Vaughan's Special)and Pure Culture Spawn to market growers. We make at least five importations yearly, so as to always have a fresh supply.

English Mushroom Spawn. Our Spawn is manufactured by the largest and most successful maker of Spawn in the world. He has made Spawn for some thirty years and has kept up on all the new methods of manufacture. Our Spawn is made by the famous tissue method from selected specimens. It has been found that English Spawn, as a rule, does not bear so quickly as the American pure culture, but it, however, lasts much longer in bearing.

English Mushroom Spawn. (VAUGHAN'S SPECIAL). **Price, per brick, 25c; 5 lbs., $1.00, postpaid. By express or freight, per brick, 15c; 2 for 25c; 8 bricks, $1.00; 25 lbs., $2.00; 100 lbs., $6.50; if shipped from New York, $6.00.** Special prices on ½ ton lots and upward.

Pure Culture "Garden City" Spawn. The best Spawn for beginners. The highest development in the art of Spawn making. This Spawn is made from tissue cultures from select specimens produced by Spore (seed) culture. The bricks are inoculated with tiny threads from a young specimen fruit, so that the special sorts or strains are produced, true to type. By this selection of varieties the inferior yielding kinds are avoided. We carry the Cream Brown or Bohemia variety, which has proven the best yielder. We can, however, supply the Pure White, Brown, Alaska or Columbia pure culture Spawn. **Price, Direct Bricks, inoculated from laboratory cultures, 1 brick, 40c; 5 bricks, $1.75, postpaid; by express, 10 bricks, $2.00; 25 bricks, $4.25; 100 bricks, $15.00.**

COLE'S EARLY.

WATER MELON

Cole's Early. This is the Best Early Water Melon for the home market today. For sweetness and delicate texture of flesh it has no equal. The rind is thin but brittle, and therefore not suitable for shipping; for the home market we know of none better. Extreme earliness is its great merit. **Oz., 10c; ¼ lb., 20c; lb., 60c; 5 lbs., $2.65.**

Early Fordhook. The first early shipping melon. Large for an early; skin, dark green; flesh, crisp and sweet. Rind thin, but with tough skin. **Oz., 10c; ¼ lb., 20c; lb., 65c.**

Vaughans's Black Diamond. A cross between Kolb's Gem and Hoosier King. Its prominent points of merit are its extreme size and productiveness. Melons weighing 75 to 90 pounds are frequent. It is the most prolific Water Melon. Its color is a rich, dark green, almost black. Of symmetrical shape, roundish to bluntly oval, a similarity of shape running through the whole field. **Oz., 10c; ¼ lb., 20c; lb., 60c; 5 lbs., $2.50.**

Sweetheart. A standard shipping melon. Vine vigorous and productive. First fruits ripen early. The melons are large, uniform and heavy, mottled light and dark green. Rind is thin, but firm, and the flesh is firm and solid, yet tender and melting. **Oz., 10c; ¼ lb., 15c; lb., 50c.**

Improved Kolb's Gem. The best known shipping melon. The seed of this is saved from large, smooth melons of a darker mottled green than Kolb's Gem. The melons show a yellow blotch on the bottom. **Oz., 10c; ¼ lb., 15c; lb., 50c; 5 lbs., $2.00; 10 lbs., $3.50.**

Triumph. One of the largest and handsomest of the shipping melons. A great seller. **Oz., 10c; ¼ lb., 15c; lb., 50c.**

Alabama Sweets. A popular Southern shipping melon, especially in Texas. Dark green color, good size and fine flavor. Select seed. **Oz., 10c; ¼ lb., 25c; lb., 75c.**

Kleckley's Sweet. A large oblong melon. A poor shipper, but without doubt the highest quality of all Water Melons. Skin dark green, flesh bright scarlet, ripening close to the skin. The large heart does not crack open when ripe. **Oz., 10c; ¼ lb., 20c; lb., 65c; 5 lbs., $3.00.**

True Ice Cream. The great Home Market Melon. It has too thin a rind for shipping unless packed in straw. Few, if any, surpass a True Ice Cream for quality and productiveness. **Oz., 10c; ¼ lb., 15c; lb., 50c.**

Winter Water Melon (Novelty). This Melon is early, earlier than Sweetheart and a very prolific bearer. The flesh is red, of extreme firmness; in fact, almost as hard as citron; very brittle and deliciously sweet. In color it is very light green, almost white. The firmness of the flesh causes it to be the longest keeper of the Water Melon family. **Price, ½ oz., 12c; oz., 20c; 2 oz., 35c; ¼ lb., 50c; lb., $1.50.**

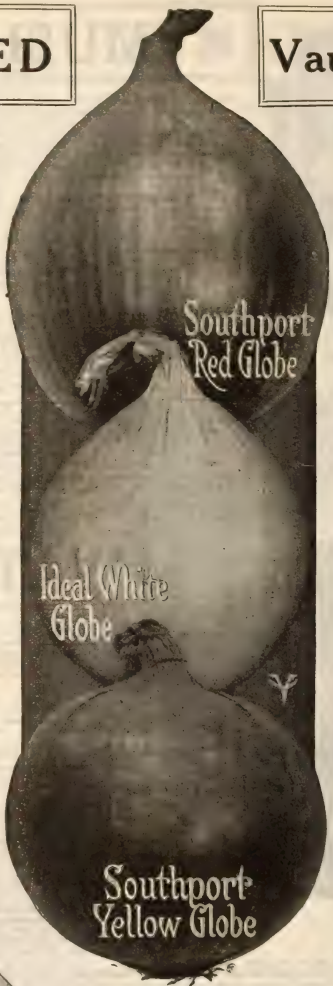
ONION SEED

There are no better strains of Globe Onions than Vaughan's. Our Eastern Seed is grown in the vicinity of large growing districts, and our seed bulbs are sorted from hundreds of bushels (impossible when an individual grows his own limited amount of bulbs). Color and shape are ideal when planted. The different colors are planted far apart, so that the mixtures unpreventable in the close Western plantings are eliminated. It costs more money to raise seeds in this manner than those raised under other conditions; the seed, however, is worth many times such cost to the market planter.

Southport Blood Red Globe. Our Blood Red Globe has a beautiful dark red skin and a better strain cannot be found. The onions are of large size, very solid, and firm, qualities which make fine sellers and excellent keepers; crop yielding 800 to 1,000 bushels per acre are not uncommon for our seed. Our seed is grown under our supervision by an expert from the pick of the product of a large onion section.



Price, Eastern grown, **Oz., 20c; ¼ lb., 50c; lb., $1.60; 5 lbs., $7.75; 10 lbs., $15.00.**

Price, Western grown seed, **Oz., 15c; ¼ lb., 35c; lb., $1.25; 5 lbs., $6.25; 10 lbs., $11.50.**

Vaughan's Apple-Shaped Red Globe. This is the most perfect market type of Red Globe Onion. Ideal for enclosing the most bulk in the most compact shape. Its color is absolutely the darkest blood-red. Its size is equal to any of the largest types of Red Globe. Fifteen years ago this Onion was first planted in the West under the name of Extra Early Red Globe. Since that time, grown on rich land, carefully selected for size, shape and color, it has been improved a little each year, until we believe it now the very best of its class. **Oz., 20c; ¼ lb., 45c; lb., $1.60; 5 lbs., $7.75; 10 lbs., $15.00.**

VAUGHAN'S APPLE SHAPED RED GLOBE ONION.

Vaughan's Pedigree

Southport Yellow Globe. A main crop, late, large round Onion. It is sure to satisfy the one who buys a packet, or the one who sows 50 pounds for carload shipments. A truly grand Onion whose large, golden yellow spheres make a beautiful appearance, sacked or barreled for the market. Finest of all yellow Onions for keeping. Our Eastern strain of seed is from a grower of twenty-five years' experience, who makes a specialty of this variety. There is no better.

PRICE: Eastern Grown, oz., 20c; ¼ lb., 50c; lb., $1.60; 5 lbs., $7.75; 10 lbs., $15.00.

PRICE: Western Seed, oz., 15c; ¼ lb., 35c; lb., $1.25; 5 lbs., $6.25; 10 lbs., $11.50.

Vaughan's Ideal White Globe. This is the handsomest of all Onions. It is of the true globe form, pure white, hard, small necked, ripens very early and evenly and is a good keeper. We supply the largest market gardeners in Chicago and the west. No market gardener or Onion grower can afford to plant inferior stock, with only cheapness of price to recommend it, when seed like ours is to be had, the results of a few ounces often paying twice the first cost of the best seed.

PRICE: Eastern Grown, oz., 25c; ¼ lb., 75c; lb., $2.75; 5 lbs., $13.50; 10 lbs., $26.50.

PRICE: Western Seed, oz., 20c; ¼ lb., 65c; lb., $2.35; 5 lbs., $11.50; 10 lbs., $22.50.

Ohio Yellow Globe. (See illustration.) The best of all yellow Onions. Entirely distinct from the old type of Yellow Globe Danvers, being earlier, smaller necked, of perfect globe shape, uniform as to size and color and a greater cropper. Vaughan's Special Ohio Grown Seed of this type is an extra fine selection as to color, shape and yield of this already fine sort. Regarded by seed growers the superfine strain of Yellow Onion Seed. **Oz., 15c; 2 oz., 25c; ¼ lb., 40c; lb., $1.50. By express, 5 lbs., $7.25; 10 lbs., $14.00.**

Ohio Red Globe. A very uniform Red Globe Onion, similar in shape to the Ohio Yellow Globe. Lake County Seed grown by the originator. **Oz., 20c; ¼ lb., 50c; lb., $1.60; 5 lbs., $7.75; 10 lbs., $15.00.**

Prizetaker Onion. Vaughan's Selected Stock. The handsomest, largest yellow Globe Onion. A fair keeper, of finest flavor, handsome shape and enormous size, many single Onions weighing five pounds or more having been raised from seed the first year. It is of the same type as those immense imported Onions which can be seen in fruit stores, and always commands a very high price. The Prizetaker always grows to a perfect globe shape, with a bright straw-colored skin, the necks are very small, and the Onions always ripen up hard. American grown. **Oz., 15c; ¼ lb., 35c; lb., $1.25; 5 lbs., $6.00; 10 lbs., $11.50.**

Mammoth Silver King. This mammoth variety is one of the largest in existence, averaging from 15 to 22 inches in circumference, often weighing from 2½ to 4 pounds each. It matures early, and is uniformly of large size and fine shape, being flattened but thick. The skin is a beautiful silver-white, flesh snowy, tender and of mild sweet flavor. GRADUS OR PROSPERITY

PEAS

Vaughan's Northern Grown, Early, Prolific, True to Type

Early Varieties—Tall and Semi-Tall.

Alaska. An extra early round seeded bluish pea. It is very hardy and its round seed does not rot in the cold ground in the Spring as does a wrinkled pea. A very popular early market sort with pods 2½ inches long. Quality fair only. Our stock is uniform and ripens evenly. **Quart 25c, ½ peck 75c, peck $1.50, bu., $6.00.**

Vaughan's Select Extra Early.

(Maud S.) This is the earliest select of the white seeded extra early pea. Our stock is very uniform in ripening, so the pods may be harvested at one picking. Same sized pods as Alaska, with peas slightly better in quality. **Quart 30c, ½ peck 95c, peck $1.90, bu., $7.50.**

First and Best. Another strain of the extra early white seeded pea. Not as early as Maud S, but a slightly better yield. **Quart 30c, ½ peck 85c, peck $1.65, bu., $6.50.**

Little Gem. A popular early wrinkled semi-dwarf pea much planted by market gardeners throughout the west. **Quart 30c, ½ peck $1.00, peck $2.00, bu., $8.00.**

Velocity. The earliest pea we have yet found. A small type of Alaska; not so good a yielder as Alaska, but a week earlier. **Quart 40c, ½ peck $1.25, peck $2.50.**

Gradus. Pea for the market gardener. Within three to five days in season of the Extra Early small podded poor quality Alaska, Maud S, etc., varieties; it has pods as large as Telephone and peas unsurpassed in quality. It is not as hardy, however, as the smooth peas and is more liable to rot in cold soil. Our seed has been very carefully selected and any vines showing small pods have been pulled out and thrown away. **Quart 40c, ½ peck $1.25, peck $2.50, bu., $10.00.**

Thomas Laxton. Similar to Gradus, except this pea has blunt pods instead of pointed or tapering points. The pods do not sell as well as Gradus on the market. However, it is a better yielder and the pods average one to two more peas in a pod during an ordinary season. **Quart, 40c; ½ peck, $1.25; peck, $2.50; bushel, $10.00.**

Surprise. A wrinkled pea almost as early as Alaska, with pod about the same size and peas of much better quality. An excellent variety for early trade which demands quality. **Quart, 30c; ½ peck, $1.00; peck, $2.00; bushel, $8.00.**

GOOD MARKET DWARF SORTS.

Notts Excelsior. The heaviest yielding early dwarf Wrinkled Pea, 15 inches, pods 3 inches long. Very prolific. **Quart, 35c; ½ peck, $1.15; peck, $2.25; bushel, $9.00.**

Advancer. A heavy yielding medium season variety. Pods 3 to 4 inches long and always well filled. Does not require bushing. **Quart, 30c; ½ peck, 95c; peck, $1.90; bu., $7.50.**

Dwarf Telephone. A large podded high quality medium season dwarf pea. Pods 4 inches long and light green in color. Vaughan's selected stock. **Quart, 40c; ½ peck, $1.25; peck, $2.50; bu., $10.00.**

Improved Stratagem. A late large podded high quality pea, dark green pods. This variety is very hard to keep straight on account of small podded vines which continually appear. Our stock has been carefully tried out. **Quart, 40c; ½ peck, $1.25; peck, $2.50; bu., $10.00.**

Witham Wonder! A second early very heavy cropping dwarf sort. The peas are remarkably sweet. Pods of medium size, and packed with peas. When quantity and quality count this variety will be a favorite. **Quart, 35c; ½ peck, $1.15; peck, $2.25; bu., $9.00.**

Laxtonian—the Dwarf Gradus. An extra early dwarf pea; season of Nott's Excelsior; pods as large as Telephone. Get acquainted; the best new pea in years. **Pint, 50c; quart, $1.00.**

TELEPHONE TYPES.

The Telephone is, on account of its many high qualities, early season, heavy yield, large pods and fine flavor, the most popular of all peas for market and home use. There are a number of selections of this popular pea, the best of which we offer below:

Vaughan's Improved Telephone.

A large, dark green podded type. Very uniform, with few small pods and a heavy yielder. **Quart, 40c; ½ peck, $1.25; peck, $2.50; bu., $10.00.**

Alderman, The best of the Duke of Albany type. Large dark pods, a fine uniform strain. **Quart, 40c; ½ peck, $1.25; peck, $2.50; bu., $10.00.**

Telephone. A light green colored pod. Not quite so uniform in size as Improved Telephone. **Quart, 35c; ½ peck, $1.15; peck, $2.25; bu., $9.00.**

Admiral Dewey. Similar to Vaughan's Improved Telephone. Large pods. **Quart, 40c; ½ peck, $1.25; peck, $2.50; bu., $10.00.**

Prince Edward. Has the largest pods of any of the Telephone type. Not so heavy a yielder as Vaughan's Improved. **Quart, 40c; ½ peck, $1.25; peck, $2.50; bu., $10.00.**

LATE OR MAIN CROP VARIETIES.

Champion of England. One of the oldest and still one of the best varieties before the public. Late, tall, vigorous and an enormous yielder. A superior strain. **Quart, 35c; ½ peck, $1.15; peck, $2.25; bu., $9.00.**

Everbearing. Medium height. Very prolific. Pods 3 inches in length. **Quart, 30c; ½ peck, $1.00; peck, $2.00; bu., $8.00.**

Vaughan's Sweet Market. An excellent second early main crop pea, following right after the Extra Earlies. Pods 3½ inches, borne in large quantities on very vigorous vines. Height, 2½ ft. One of the heaviest yielding of all peas. **Quart, 35c; ½ peck, $1.15; peck, $2.25; bu., $9.00.**

PEAS are very short in supply. Throughout the world the Pea crop has been a very poor one for two years. Our prices to market gardeners we have made as low as we could, figuring to come out even rather than make a profit. Order early, for every bushel will be wanted.

VAUGHAN'S IMPROVED TELEPHONE.

CHAMPION MOSS CURLED PARSLEY.

PARSLEY

The Champion: is a prize-winning English variety, in appearance like a tuft of finely curled moss, and of a rich deep green color. It is slow to run to seed and very hardy; of easiest growth, a few seeds sown in onion rows use no space. Grows in window boxes. **Lb., 60c; ¼ lb., 20c; oz., 10c.**

Double Curled. **Lb., 60c; ¼ lb., 20c; oz., 10c.**

Fern-Leaved. **Lb., 45c; ¼ lb., 15c; oz., 5c.**

Plain. **Lb., 40c; ¼ lb., 15c; oz., 5c.**

MARKET GARDENERS' STRAINS

Hamburg Rooted or German Parsley. The root resembles a small parsnip and is the edible part of this sort; extensively used for flavoring soups. **Lb., 75c; ¼ lb., 25c; oz., 10c.**

PARSNIP

Magnum Bonum. A very fine and greatly improved strain of Hollow Crown Parsnip, which we can recommend to all marketmen as a **money-maker.** The roots are smooth, not so long as those of the standard sort, somewhat thicker in diameter and much more easily pulled. A very heavy cropper. **Lb., 40c; ¼ lb., 15c; oz., 10c.**

Improved Guernsey. An improved strain, which has given general satisfaction. The roots do not grow so long as those of the Hollow Crown, but are of greater diameter and more easily gathered. Of excellent quality. **Lb., 40c; ¼ lb., 15c; oz., 7c.**

Hollow Crown, or Long Smooth. (Abbot's Improved.) Smooth, large, tender and sugary; one of the best. Our stock is very fine. **Lb., 40c; ¼ lb., 15c; oz., 7c.**

MAGNUM BONUM PARSNIP.

PEPPER

CULTURE: See "Vaughan's Vegetable Garden." A Copy Free to Buyers of Vaughan's Seeds.

Our Magnum Dulce Pepper (See Description Below) Should be Grown by Every Gardener.

Vaughan's Improved Sweet Mountain. It is a strong grower, very productive. The peppers when young are of a bright green color, without any shade of purple; when ripe they are of a very beautiful red; the flesh is thick, sweet and mild. They often grow 6 inches long by 4 inches through. Our strain has been selected with great care for over twenty years. **Lb., $2.00; ¼ lb., 60c; oz., 20c; ½ oz., 12c.**

Ruby King. Grows 4½ to 6 inches long, by 3½ to 4 inches thick. The peppers are bright ruby red; one of the best for stuffed pickles. The meat, or walls, is quite crisp and tender. **Lb., $2.00; ¼ lb., 60c; oz., 20c; ½ oz., 12c.**

Chinese Giant. **Double the size of "Ruby King."** Not only is it early in ripening and productive for so large a pepper, but its size will cause it to sell most readily. The fruits are of thick blocky form and of glossy scarlet. They grow four or five inches broad at the top, and are of equal length. All uniformly large. The flesh is mild and unusually thick; it makes an excellent salad sliced and served like tomatoes. **Pkt., 10c; ½ oz., 25c; oz., 35c; ¼ lb., $1.10.**

Cayenne Pickling. Of dwarf habit, and does not branch very much, but unlike the ordinary Cayenne, the peppers grow erect on the plant and are about 2½ inches long; just the right size for pickling. **Pkt., 10c; ½ oz., 15c; oz., 25c.**

MAGNUM DULCE PEPPER.

PEPPER, NEW NEAPOLITAN. A great market gardeners' variety, two weeks earlier than Bull Nose or Ruby King. It is of good size, mild flavor, and the plants are of good stocky growth. Its great value lies in its prolificacy. The flesh of the fruits is quite thick, and turns an even bright red color when ripe. **Price, ½ oz., 15c; oz., 25c; ¼ lb., 75c.**

PEPPER, NEW UPRIGHT SWEET SALAD. This pepper grows upright, and not hanging as do other sorts. It is a cross between Chinese Giant and a very mild, sweet variety. Its value to the market gardener is in earliness and its mild flavor, so mild, in fact, that even the seeds may be eaten raw without inconvenience. Fruits are of medium size, and are produced in good numbers. The color is a very handsome green, and turns a waxen red when ripe. A fine variety for fancy trade. **Pkt., 10c; ½ oz., 25c; oz., 40c.**

Vaughan's Magnum Dulce Pepper.

Decidedly superior to Chinese Giant or any other variety known to market in size and sweet quality. The result of many years' careful selection by a successful grower. The yield of this variety may be greatly increased by pinching out the first or king blossoms which appear. These king blossoms produce the largest peppers. However, in doing so, they reduce the yield. The flesh runs ½ to ¾ in. thick, and is exceptionally mild and pleasant in flavor. Fifteen fruits to a bushel. **Pkt., 10c; ½ oz., 25c; oz., 40c; ¼ lb., $1.50.**

Vaughan's Sugar Pie Pumpkin.

Flesh very thick, sweet and fine flavored. Makes delicious pies. Price: Oz., 10c; ¼ lb., 20c; lb., 60c; 5 lbs. $2.50.

Especially popular with the Italian gardeners.

PURPLE TOP GLOBE WHITE.

Certain Tomatoes sell much better on some markets than do other sorts. For example a red tomato sells well in New York while a purple sort is wanted in Chicago. Find out what your customers want.

June Pink The earliest pink tomato. We have a fine strain. Our Chicago customers have made good money on this sort the past two years. **½ oz 15c, oz 25c, ¼ lb 75c, lb $3.00.**

Early Detroit (New). See page 4—novelties. A new second early purple variety. Summarized, it is an early Beauty producing even more marketable fruits than that old standard. **½ oz 20c, oz 35c, ¼ lb $1.10, lb $4.00.**

Earliana The earliest large smooth red Tomato. Where a market likes a red tomato this variety is without equal as an early. Our strain has been most carefully bred early in season and produces a large percentage of smooth fruit. **½ oz 12c, oz 20c, ¼ lb 70c, lb $2.50.**

Bonny Best An improved type of Chalk's Early Jewel Tomato. A red variety ripening right after Earliana and producing a fine large smooth fruit. It bears for a much longer period than Earliana, lasting well into the main crop season. **½ oz 15c, oz 25c, ¼ lb 75c, lb $3.00.**

New Globe An entirely new shaped purple tomato. The majority of fruits being elongated in shape. Medium in season it is exceedingly prolific and bears large sized fruit throughout the season. In the few seasons since its introduction it has become the most popular high quality purple sort. Every gardener raising tomatoes should have a planting of this new kind. **½ oz 15c, oz 25c, ¼ lb 75c, lb $3.00.**

BONE MEAL. Vaughan's Rose Grower.

This is a special brand we have put up for our trade. It is ground fine, hence acts quickly. It is made from bone accumulated in large slaughter houses, and should not be compared with Bone Meal made from cattle heads and feet gathered on the western prairies. Our "Rose Grower" Bone has been slightly steamed to soften it so it can be ground fine, and is thus quicker in its action. A finely ground bone can also be more evenly distributed through the soil. Analysis.—Ammonia, 4½ to 5½ per cent.; total phosphoric acid, 22 to 25 per cent; total bone phosphate, 48 to 54 per cent.

It is double action and has a large air chamber, which throws an absolutely continuous stream, solid or in fine spray. We consider it one of the best pumps made for the money.

Mastin Compressed Air Sprayer. The Mastin Automatic Spraying Machine may be filled to within six inches of the top. A few strokes of the pump will give sufficient force to empty the machine. The pump is provided with an automatic mixing device, which keeps the solution in the tank well stirred up, resulting in a spray carrying the same strength of solution from start to finish. The sealing or locking device securing the pump in the tank is simplicity itself, sealing the machine perfectly, with the minimum of time and labor. The Spray Nozzle will produce a spray that is truly **mist-like.**
Price—3-gallon galvanized steel tank, brass pump and connections, three feet of hose, spray cock, two spray nozzles, shoulder straps, complete **$6.50**
Same in brass, complete **8.50**

Auto Spray. Eight to ten strokes of the plunger in air chamber will compress enough air to discharge the entire contents and make a continuous spray for nine minutes. The "Auto Spray" has been improved by the addition of the "Auto Pop" shown in illustration. Briefly described the "Auto Pop" is an automatic valve, which is closed by the air pressure used to operate the "Auto Spray." In operation a lever is moved by simply closing the hand, thus opening the valve and allowing an instantaneous discharge of spray. By releasing the lever it closes itself automatically; hence the spray is in perfect control.
Price; Galvanized iron reservoir, $4.50; with Auto Pop, $5.40; solid copper reservoir, $6.75; with Auto Pop, $7.65. Brass Extension Rod, in 2-foot lengths, each, 35c; Galvanized Extension Rod, in 2-foot lengths, 25c.

They are complete, adaptable tools—the kind you don't want to part with after you have once used them and know what they will do for you.

No. 6 Combined Double and Single Wheel Hoe, Hill and Drill Seeder.

The most practical and complete garden tool on the market—four machines in one—a hill seeder, a drill seeder, a double wheel hoe to work astride the rows, a single wheel hoe to work between—each form complete and the equal of any tools on the market made as separate tools for separate purpose. The cut shows No. 6 set up as a seeder—sows accurately in hills at 4, 6, 8, 12 or 24 ins. apart or in drills with a quick change from one to the other—requires little power to operate it because it is light and easy running—is well constructed on sound principals and will wear well—is easily and simply adjusted.

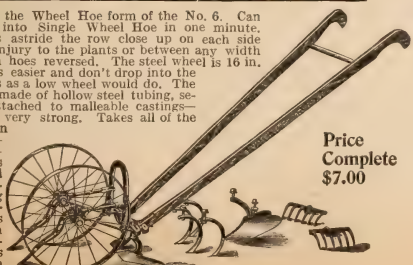
Price Complete $12.00

No. 4 Combined Double and Single Wheel Hoe, and Drill Seeder is like No. 6 except it sows in drills only and has a different plow. **Price, $11.00.**

No. 15 Combined Single Wheel Hoe, Hill and Drill Seeder.

A thoroughly practical and complete combination. Will accomplish about all the work of the No. 6 except that it is a Single Wheel tool. Takes about same tools and attachments as the No. 6. In its Seeder form sows either way, in drills or hills. Has strong hollow steel tube frame, the 16 in. wheel and is simply and easily changed and adjusted. When wanted as Hill and Drill Seeder only, order No. 16. **Price, $8.50.**

Price Complete $11.00



No. 17 Combined Single Wheel Hoe and Drill Seeder is same as No. 15 except that it has no hill-dropping device. **Price, $10.00.** If wanted as Drill Seeder only, order No. 18, **Price, $7.50.**

No. 1 Combined Double and Single Wheel Hoe.

This is the Wheel Hoe form of the No. 6. Can be made into Single Wheel Hoe in one minute. Cultivates astride the row close up on each side without injury to the plants or between any width rows with hoes reversed. The steel wheel is 16 in. high, runs easier and don't drop into the low places as a low wheel would do. The frame is made of hollow steel tubing, securely attached to malleable castings—light and very strong. Takes all of the tools shown and various attachments for special work including Drill Attachments to sow in continuous rows or both drills and hills. The latter are $4.00 and $5.00 respectively. If this Wheel Hoe is wanted plain, with hoes only, order as No. 3. **Price $4.25.**

Price Complete $7.00

New Model Seed Drill.

Popular with seedsmen and market gardeners. Exact regulation of seed discharge by using an eccentric index or indicator which adjusts the slide for seed opening exactly where you want it. "Gem" Single Wheel Garden Hoe.

Price Complete $5.00.

Built largely of steel and malleable iron. Wheels and handles adjustable for height. The tools include five slender cultivator teeth, two sizes of cultivator teeth and a pair of plows which can be used separately or together.

As shown in the cut has lever expander and lever wheel. Can be furnished with plain wheel, Price $6.00 or with plain wheel and without lever expander, Price, $5.25

Price Complete $6.50

These are now considered indispensable in celery growing. The leaf lifters are adjustable in height, and are especially valuable for first workings. Fitted with lever wheel, hilling blades, 43 inches long, adjustable in height or width as wanted. **Price, $15.00.**

Single Celery Hiller.

Runs lighter than the double, and throws rather higher; it works any width rows. Where market gardeners plant close and first bleach every other row, it is "just the thing." **Price, $12.00.**

L. LONGIFLORUM GIGANTEUM

LILIUM LONGIFLORUM, Japan Grown

Japanese nurserymen have been making big profits on Lilium Giganteum and others of that class of Lilies, most of which are collected at small cost because of cheap labor there. These Japanese firms maintain expensive branches in the United States and England to dispose of these collected bulbs, but they apparently have spent but little for several years to secure true, pure stock for the American florists' trade. Were it not for the fact that Lilium Giganteum has a dark stem, even this single one of the Longiflorum type could not be depended upon. So-called "Multiflorum," "Formosum," as well as other "Special" types, have been foisted on the American florists and proven many times to contain a big percentage of common Longiflorum. The Japanese give little heed to complaints of this condition, which makes it difficult for the American seedsman to give his customer honest redress.

Vaughan's Seed Store is placing its Japanese business with the most reliable American and English dealers in Japan, and will do the best possible to fill orders with true stock, carefully graded. ***Vaughan's Seed Store*** is entitled to the credit of placing the prices of Japanese Lily Bulbs on a reasonable price basis.

GIGANTEUM, Dark Stem

While ordinarily considered later than other varieties of Longiflorum, it has proven with our customers as early as any, and when shipped and planted fairly late has formed fine plants, even in growth and fairly early in season. The type is free flowering and true. The dark stems readily prevent mixture in the growing crop.

PRICE:	6 to 8 inch (400 to case)	Per 100, $4 00	Per 1000, $35 00
	7 to 9 inch (300 to case)	Per 100, 6 50	Per 1000, 55 00
	9 to 10 inch (200 to case)	Per 100, 9 00	Per 1000, 85 00

MULTIFLORUM TYPE

The true variety under this name will produce more flowers per bulb than other types, but it is difficult to secure true stock of this, unmixed with other grades. Our Japan growers promise that our stock shall contain 80 per cent true type.

LILIUM FORMOSUM

This variety comes from islands off the Japanese coast. So far it has proven to be practically free from disease. Growers must not force Formosum in great heat. A cool house, 60 to 65 degrees, with plenty of moisture, is better, but they will certainly do best when grown in pots. The so-called Formosum seems to be a class rather than a single type, and starts into growth irregularly; so if in pots they can be shifted into sections representing varying heights, thus giving the growing plants of different heights proper light and proper watering.

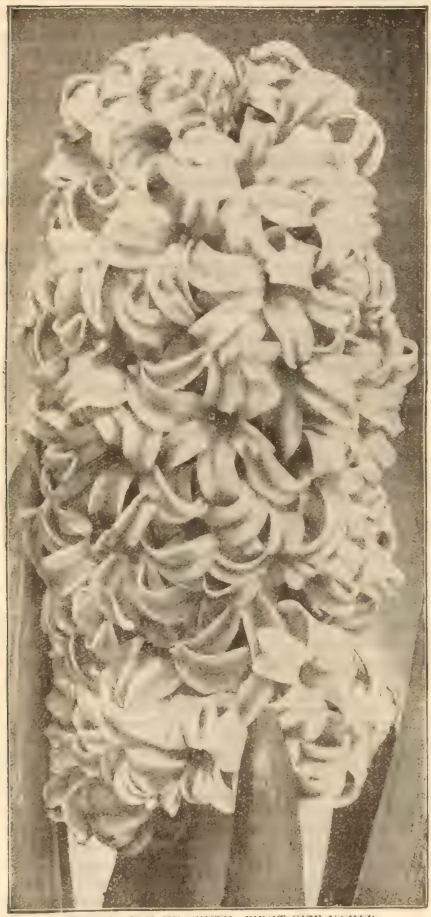
FRENCH ROMAN HYACINTHS

The Records of the U. S. Custom Houses at New York and Chicago will show that, for nearly or quite 20 years, our importations of



HIGH GRADE FRENCH BULBS

as well as the prices and grades we buy, have not been exceeded by any American or Dutch firm. This experience, together with satisfactory financial dealings with our French growers, enables us to supply picked healthy stock, true to name and graded up to sizes sold. We do not buy undersized cases in order to sell Narcissus according to a certain number in a case; neither do we send out 11 to 15 ctm. Romans and invoice them as 12 to 15 ctm. We urge all buyers of French bulbs to test their bulbs by actual net weight per 100 or 500 bulbs, as it is the only true way to verify values reasonably.

N. B.—We will tell you our weights per 1000 bulbs on all French stock this year on request.

DOUBLE VON SION, True Dutch

We have a reputation of supplying the best "Yellow Daffodils" in America, having secured our supply for years in one locality, where it is known that these bulbs can be grown to better advantage than in any other part. We contract yearly for the stock of one large grower, and in this way secure the pick of the crop, supplying bulbs that will be equal to or better than those delivered by any other dealer. Our double-nose bulbs are especially fine, and will throw from two to three first-class flowers; especially recommended for growing in pans.

WE OFFER 4 SIZES OF VON SION

NARCISSUS PAPER WHITE GRANDIFLORA
"Star" Brand Giant Flowered

NARCISSUS PAPER WHITE GRANDIFLORA

In placing our contracts with French growers we are careful to secure the largest bulbs that are obtainable, and the grade of these which we offer under the name of "Star Brand" is the choicest stock to be had in France, and we are only able to obtain each year a limited number of them. Our experience has been that they are well worth the difference in price over the smaller grades. However, the quality we offer under the heading "Fancy" is a select grade from the general stock.

LILY OF THE VALLEY

In packing and grading of the Lily of the Valley Pips for our trade, pips of one type and style of growth, raised on the same soil, will be branded separately, so that the customer receiving a certain number and brand from us and forcing it to his satisfaction can depend on the same grade right along until sold out and will be advised by us when the grade is changed. This, we believe, will be much more satisfactory to the forcer than the former indiscriminate method of delivering all kinds and shapes of Valley under one brand, the planter never knowing what kind of a pip would open up in the next case received.

Vaughan's LONDON MARKET BRAND

This brand, as sold by us for several years, stands for the best select forcing pip for cold storage which we can secure in Germany. Select top size pip, with long healthy fibrous roots and sound tap root. We never have enough to last the season out. Per 100 $1.75, per 1000 $14.00, per case of 2500 $34.40, per 5000 $67.50.

JESSIE, THE NEW BABY RAMBLER

Unless noted, all the stock offered on this page is selected 2 yr. dormant, and field grown, ready for delivery in December.

BABY RAMBLER ROSES.

JESSIE.

The wonderful new forcing rose having bright cherry crimson flowers borne in large clusters and never fading to that objectionable purple. A remarkably free bloomer, with glossy green foliage entirely free from mildew, vigorous but never exceeding 2½ ft. in height. As soon as known, we believe this will take the place of the Crimson Baby Rambler.

GERMAN IRIS—Fleur-de-Lis or Flag Iris

German Iris are all sun-lovers and delight in a well drained situation. They almost outrival the Orchid in delicacy and richness of coloring. They are splendid for beds, border or front of shrubbery; plant in bold groups for best effect. Avoid planting too deep, barely covering the rhizomes (creeping root-stems) being quite sufficient.

VAUGHAN'S INTERNATIONAL PANSIES *THE WORLD'S BEST.*

VAUGHAN'S SPECIAL

Vaughan's International Pansy Mixture was first prepared and offered by us in 1889. We import from all the best European sources, and personally inspected the fields of French and German specialists of their finest strains. These with the best American types made up the collection. Each year has added to the quality of its flowers the variety of its colors. We buy every year novelties of known merit to improve the mixture. This is the reason it is always complete, always the latest and always the best mixture **as we believe.** We add to all the Pansy Mixtures which we now buy more than fifty per cent of the choicest named kinds obtainable, each in rightful proportion. We thus know what it will produce. This is one of the **specialties** which has established and held the reputation of Vaughan's Flower Seeds, and this is one which we maintain most carefully, not alone as to quality, but in vitality and germination. You are beginning right in Pansy growing when you start with Vaughan's International Mixture. **Trade pkt 50c, ⅛ oz $1.50, ¼ oz $5.00, oz $10.00.**

BUSINESS RULES

TERMS ON FLORISTS' STOCKS. To customers of approved credit, 60 days, except on certain cash items. Special 3 per cent discount for cash in ten days (from these list prices only), not from the "Special" quotations and excepting net cash items.

C. O. D. We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order. Perishable stock, plants, etc., are POSITIVELY not sent C. O. D.

WHERE SOLD. **Our Stocks** are sold F. O. B. Chicago, New York or Western Springs (unless otherwise stated), and we do not accept transportation risks after delivery in good order to express companies, railroads or steamer lines. Because our prices are made on values of these stocks at shipping point, and if we are to accept transportation risks we can do so only at advanced prices

ROUTING. On Each Order, please give name of express company or railroad you wish to use; there is no other sure way of correct routing.

Remember "little omissions make great errors," and kindly give us in each order the correct names, sizes, grades and prices of the stocks you order from this catalogue, and the routing, whether by express, mail, or freight, and the name of the express or railroad company, shipping date, and like details. This prevents misunderstandings.

First Orders from all firms not having an account with us should come with cash remittance to cover same, for which deduct 3 per cent.

Book Accounts. Customers who wish to open accounts will please supply usual trade references or a property statement. If the business is a partnership or a corporation, be sure to give names of partners or officers and signatures of those authorized to sign orders. Some individual name should be signed to all orders. We do not open new accounts for cash goods. All Holiday stocks are sold strictly on cash terms, and hence fall under this rule.

Impossible to Guarantee Crops. We do not warrant in any way, express or implied, the contents, or the description, quality, productiveness, or any other matter of any seeds, bulbs or plants, sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof, and he must return them at once, and money will be refunded. Subject to above conditions and by reason thereof, we make the moderate prices quoted in our catalogue.

Orders for Bulbs, Onion Sets, and like perishable stock which we book in advance of shipping date, are accepted by us only subject to loss by fire, rot, or other accident beyond our control, we not guaranteeing to supply same if so lost.

NARCISSUS

PAPER WHITE GRANDIFLORA

These are right and fair prices for high-class True Paper White Narcissus Grandiflora—***not misbranded*** and ***not*** packed in ***undersized cases*** to mislead the buyer as to sizes. Vaughan's Seed Store does not misbrand Paper Whites or Romans by substituting one grade and stenciling the case a bigger grade; but, "we've known it done."

There's a "Bunch" of Jobbing Importers nowadays jumping from stand to stand and bog to bog, selling in any sized lots any and all horticultural stocks which any buyer asks for, selling, but not delivering. They are BULB MEN when bulbs are plenty and when they can make a "Scalp." They are Moss Men when Moss is plenty and when they can turn a dollar—BUT, when the Bulbs and Moss are scarce, their office is closed and they cannot be heard from—let's call them "four flushers." Uncle Barnum says the people like to be humbugged; if so, surely some of the Florist trade have recently gotten what they like—and gotten it a plenty.

Get samples, compare sizes, qualities, weights of bulbs and general appearance as well as prices; then you will know where you are.

Paper White Grandiflora. Vaughan's "Star Brand" (about 1,000 bulbs in case) **per 100, $1.75; per 1,000 $11.00.**

They were in good supply before, during and after the Easter season, and I noticed several stalks with as many as 25 blooms and buds, and a great many with from 12 to 15 on each stalk. L. LONGIFLORUM GIGANTEUM

LILIUM LONGIFLORUM, Japan Grown

Vaughan's Seed Store does not make mule's feet, but its stock of lily bulbs, bred up and rogued under our efforts, become, when bought by other dealers, at once true mule foot brand. That's all right. We knew they were the best obtainable and we always said so—at that no lily bulbs will produce mule foot flowers every time. It is not easy to grow fine lily blooms, even from the best bulbs in the world.

Vaughan's Seed Store delivers the best selected lily bulbs that grow, selected, inspected and packed under the supervision of white business men who intend to do right, who have a reputation and strive to maintain it.

Our arrangements in Japan provide for a selection of sound, well-shaped lily bulbs, graded as the Japanese dealers have never been known to grade them. Crescent-shaped, misformed and undersized bulbs are taken out by contract arrangements, and we are ready and anxious on any request to submit samples of Vaughan's picked bulbs for comparison in the above particulars with any grades imported for this market.

We solicit your continued support on the basis of straightforward dealing.

LILY OF THE VALLEY

In packing and grading the Lily of the Valley Pips for our trade, pips of one type and style of growth, raised on the same soil, will be branded separately, so that the customer receiving a certain number and brand from us and forcing it to his satisfaction can depend on the same grade right along until sold out and will be advised by us when the grade is changed. This, we believe, will be much more satisfactory to the forcer than the former indiscriminate method of delivering all kinds and shapes of Valley under one brand, the planter never knowing what kind of a pip would open up in the next case received.

VAUGHAN'S LONDON MARKET BRAND

This Brand, as sold by us for several years, stands for the best select forcing pip for cold storage which we can secure in Germany. Select top size, with long, healthy, fibrous roots and sound tap root. There is but one "London Market" quality and we control the selected pips of the entire crop, which is limited. **Price Per 100, $1.75; per 1000, $15.00; case of 2000, $29.00; per 5000, $70.00.**

PREMIUM BRAND

This is a high-grade pip for late forcing and should not be compared with regular Hamburg stock offered at much lower prices. **Per 100, $1.50; per 1000, $13.00; per case of 2500, $32.00; per 5000, $62.50.**

COLD STORAGE VALLEY PIPS

Best Grade, packed 500 and 1000 pips to case, $15.00 per 1000

PINK SPIRAEA QUEEN ALEXANDRA

SPIRAEA

(*Ready in November*)

We are very careful to import good large Spiraea clumps which have large plump eyes, as these are the only kind that will give satisfaction when forced.

PINK SPIRAEA QUEEN ALEXANDRA

Of a clear pink color with dense compact spikes, the plants are most attractive and equally as strong and vigorous as the white varieties. **Per doz., $1.50; per 100, $10.00. In New York, per doz., $1.40; per 100, $9.50.**

GLADSTONE

This variety undoubtedly has become the most popular of all Spiraeas and occupies the first place among the trade varieties. It is early, makes a compact growth, and is very free flowering, making it splendid for pots as well as for cutting. **Per doz., $1.30; per 100, $8.50. In New York, per doz., $1.20; per 100, $8.00.**

COMPACTA MULTIFLORA

Grows from 6 to 10 inches in height and produces larger and finer plumes than Japonica. It is about two weeks earlier. **Per doz., $1.00; per 100, $7.00. In New York, doz., 95c; per 100, $6.50.**

FLORIBUNDA

New, strong and more developed than the common Astilboides, from which it is a sport. Produces large, pure white plumes and is unquestionably one of the very best Spiraeas. **Per doz., $1.00; per 100, $7.00. In New York, per doz., 95c; per 100, $6.50.**

JAPONICA

Extra strong clumps. **Per doz., 75c; per 100, $5.50 In New York, per doz., 70c; per 100, $5.00.**

TO PLANTSMEN:

One of the sensations of the Chicago Convention, is seeds or plants of the new—ASPARAGUS HATCHERII.

JESSIE—THE "BEST OF ALL" FORCING RAMBLER.

Unless noted, all the stock offered on this page is selected two-year dormant, and field-grown, ready for delivery in December.

BABY RAMBLER ROSES.

ERNA TESCHENDORFF—The Coming "Baby Rambler"

We have tried this rose for the past season and find that all reports about it are true as it keeps its color through the hottest days. It will create as great a sensation as the first "Baby" which it resembles in color, but is darker and will not bleach out in the sun. Florists, interested in this class of roses, should get acquainted with it so as to have advance information.

GERMAN IRIS—Fleur-de-Lis or Flag Iris

German Iris are all sun-lovers and delight in a well-drained situation. They almost outrival the Orchid in delicacy and richness of coloring. They are splendid for beds, border or front of shrubbery. Plant in bold groups for best effect. Avoid planting too deep, barely covering the rhizomes (creeping rootstems) being quite sufficient.

By "S" refers to the three standard or upright curling petals. "F" refers to the three falls or drooping petals. We offer the following choice collection:

:: VAUGHAN'S SPECIAL MIXTURES ::

VAUGHAN'S "ELITE PANSIES"

This is not a complete mixture like our International; it does not contain any pure white, yellow or any self colors. It is comprised of the cream of four Pansy specialists' choicest and most expensive mixtures. **Trade pkt 50c, ⅛ oz $1.00.**

IMPROVED GERMAN MIXTURE

This is a mixture of three strains from different German growers and is made up mostly of separate colors, with a sufficiently large percentage of white and yellow. **Per large pkt 10c, ⅛ oz 20c, ¼ oz 30c, oz $1.00.**

VAUGHAN'S CUT FLOWER MIXTURE

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut flower growers, who have realized big returns from the sale of the flowers. Pansies are as easily grown as violets, require less care and bring better returns. **Trade pkt 50c, ⅛ oz $1.00, ¼ oz $2.00, oz $8.00.**

VAUGHAN'S "GIANT PANSY MIXTURE"

Embraces besides all the separate shades and colors five special strains not listed elsewhere, and which can only be had in this and our International mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, the splendid Cassier strain. **Trade pkt 25c, ⅛ oz 60c, oz $4.00, ¼ lb $14.00.**

NEW PRINCESS PANSIES

Of the Cassier and Masterpiece type, habit remarkably erect, which is its distinguishing characteristic. Extensive range of colors with yellow predominating. **Pkt. 20 cts.**

Vaughan's International Pansies *The World's Best*

Vaughan's International Pansy Mixture was first prepared and offered by us in 1889. We import from all the best European sources, and personally inspected the fields of French and German specialists of their finest strains. These with the best American types made up the collection. Each year has added to the quality of its flowers and the variety of its colors. We buy every year novelties of known merit to improve the mixture. This is the reason it is always complete, always the latest and always the best mixture as we believe. We add to all the Pansy Mixtures which we now buy more than fifty per cent of the choicest named kinds obtainable, each in rightful proportion. We thus know what it will produce. This is one of the **specialties** which has established and held the reputation of Vaughan's Flower Seeds, and this is one which we maintain most carefully, not alone as to quality, but in vitality and germination. You are beginning right in Pansy growing when you start with Vaughan's International Mixture. **Trade pkt 50c, ⅛ oz $1.50, ½ oz $5.00, oz $10.00.**

FLORISTS and others acquainted with the Sphagnum Moss conditions are well aware that most of the Sphagnum swamps in the Wisconsin district have been worked out, those parts remaining containing mainly only old deposits full of sticks, weeds and grass. We have succeeded in opening a large new swamp. This moss is bright, clean, new growth, free from brush, grass, or old moss long dead and ready to crumble to pieces.

We put up this Moss in full size bales, covered with new burlap. Continuous rains have kept the marshes filled with water, making extra expense to get moss out and to dry it, besides which burlap has nearly doubled in price. While these conditions add to the cost, the **Quality** we are supplying gives the customer a value for his money equal to the old rates.

DEEPWOODS BOUQUET GREEN

(Lycopodium) also called Green Pine, Club Moss.

Our connections with woodsmen and merchants in the Green Woods Districts for twenty years have been businesslike and cordial, meeting our contracts promptly and satisfactorily. This record puts us in a position to secure the best stocks obtainable.

Bouquet Green becomes more scarce and difficult to secure almost every year. Our expenses in securing new and uncutled localities, securing and training competent and reliable buyers, means materially increased cost. We secure the best Green obtainable, abandoning old and worn out sections.

Write or wire us for prices whenever you are buyers. We ask you especially to give us an inquiry on the day you are ready to buy, as values on Green fluctuate greatly and almost daily. Our position in this market enables us to quote right prices.

Prices ready in October, write us. (25 lbs., $2.00.) On ton lots write or wire for prices.

BAY TREES

Ready about May 1st. These trees come in tubs.

Nothing can approach these handsome trees for decorating porches, piazzas, or hall entrances and they are largely used for stately effects in formal gardens.

Their use is no longer a luxury but a necessity. Private residences as well as hotels, restaurants, parks, etc., want them and we urge upon every florist the need of securing a stock early for display. They will find a ready sale in the smaller towns.

NEW VARIETIES FOR 1913

elivery About April 15th. Orders Booked Now
Price, except where noted, each 50c, doz. $5.00, 100 $35.00

ale E. Angus. This is an exact duplicate of the old Madam Carnot, except it is much stronger in growth and not affected by any disease. Flowers can be grown to the largest possible size; a grand flower for the collection classes. Color pure white. Crown bud from August 10th on.

eron. An exceptionally large Japanese incurved 9 inches and 8 inches deep of the M. Loiseau-Rousseau type, and similar in color but showing less contrast between the upper and under surface of the petals, presents a more pleasing shade of pink. Very strong grower with rigid stem and foliage close to the bloom. Best bud August 25th. C. S. A. certificate, also awarded silver cup at St. Paul and Cleveland as a sweepstake prize for best seedling. **Each, $1.50; doz., $15.00.**

trude Peers. A duplicate in many ways of Pockett's Crimson, save that the golden reverse never shows and every bud throws a perfect flower. This variety never burns and is one that every grower should have. Crown bud August 6th. **Each, $2.00; doz., $20.00.**

den Robin. An improved Golden Age, being easier of propagation and equally bright in color even brighter than Golden Wedding. In the hands of the experts we predict it will become very popular as a specimen plant and the commercial grower is assured of serviceable blooms. Best bud August 25th. C. S. A. certificate.

ile Quinlan. In color bright yellow, same as Col. D. Appleton, but form is not so closely incurved, although decidedly globular. Shows no trace of bronze from late buds. Strong vigorous grower. Its size makes it suitable for exhibition as well as commercial use. C. S. A. certificate.

i. Gilbert Drabble. Pure white, conforming in every way to the American ideal. The stem is perfectly rigid with foliage right up to the flower, which is of the very largest size with petals arranged in a whorl. The crown bud taken from August 5th on produces a grand flower.

i. G. Lloyd Wigg. Light yellow; one of the best varieties Mr. Pockett has ever sent out. Foliage right up to the flower and conforming in every respect to the ideal exhibition flower. Any bud after August 10th. **Each, $2.00; doz., $20.00.**

i. W. E. Tricker. Lovely flower of the Enchantress shade of pink; petals have just enough curl to produce a beautiful effect. This variety was the most admired of the whole set, by the ladies this year. Crown bud. **Each, $2.00; doz., $20.00.**

ota. A very large Japanese incurved. Color orange buff. From buds selected last of August the petals assume a whorled form. Owing to the large size it will be a rival at next year's shows in the dark yellow classes. Best bud August 30th.

ula Griswold. A sport from W. A. Ethrington, and identical with that grand variety except in color which is a soft creamy white, with long narrow petals; a good grower and a grand exhibition variety. Second crown bud taken August 20th will give best flowers.

ite Perfection. Purest white, high rounded incurved and double under all conditions. Fine stem and foliage and easy to do. Best bud September 5th to 10th. C. S. A. certificate.

ikers. A yellow Japanese nearest to yellow Miller in color and is equal in size. Strong sturdy stem with foliage close to the bloom, adapted for commercial and exhibition use. Best bud August 15th. C. S. A. certificate. **Each, $1.00; doz., $10.00.**

VAUGHAN'S CANNAS

OUR EXPERIENCE WITH CANNAS

Our Canna fields at Western Springs when in bloom during August and September make a grand showing and present a wonderful blaze of color. They attract thousands of visitors, both professionals and amateurs. Last year we grew over 10 acres of standard sorts and novelties besides 1,000 seedlings. Canna culture is one of our main specialties now as it has been for over 20 years. Our Cannas have won important prizes wherever exhibited—Chicago, Omaha, Buffalo, and St. Louis.

We ought to know something about Cannas and realize that many so-called novelties are being sent out every year whose only claim for existence in many instances is a new name only. We had to pay dearly for the knowledge that ignorant and unscrupulous growers give almost any name to their stock of Cannas, as long as the color is somewhere near correct. To them any red is a new Chicago, any yellow a Florence Vaughan, etc.

Our Cannas are true to name, and furthermore, the stock we use for propagation has been specially selected on points of vigor, true type, color, evenness of height and size of flowers.

In our list of sorts will be found all the good old standard kinds, and many of the best novelties, the inferior varieties being discarded every year as the merits of the newer ones are proven.

FIREBIRD

This is by all means the **very best red-flowered, green-leaved Canna today.**

The flowers are borne in immense trusses, on strong stalks well above the leaves. They are of splendid form, round and shapely. The petals measure 2½ inches and over across. The color is a clear glistening scarlet without any streaks, spots or blotches.

We have seen and tested many varieties during the thirty years we have devoted to their culture and have never seen one that can approach it. Florists who visited our greenhouses last summer will remember it as seedling No. 111.

Our stock is limited. Order early!

3-inch pot plants, ready May 1st.....each **$2.50**

NEW CANNA—VAUGHAN'S GIANT WHITE

The flower of this new Canna, of which we purchased the entire originator's stock, is of the purest ivory white and is beyond a doubt the very best on the market. The spikes and flowers are of immense size, the petals measuring 2½ inches in diameter. The flowers do not burn in the hottest sun. The foliage is strong, vigorous and of a bright dark green. 3½ feet, 3-in. pot plants. **Price each, $1.00; Doz., $10.00.**

King Humbert

The **Best Bronze-Leaved Canna** to-day. This remarkable "Gold Medal" Canna has been the sensation of the past six years. Of all the wonderful flowering and foliage plants introduced, this one takes the lead for size, color and habit. It is a cross between the Orchid flowering and the French or Crozy type, combining the best features of both, the large flowers of one with the free-blooming character of the other. 4½ feet in height.

Its giant flowers, orange scarlet in color, the very broad, rubber-like bronze leaves, altogether make up a plant so distinctly in advance of any other bronze-leaved Canna that the demand for it is universal.

An excellent example of the Cactus type.

DAHLIAS

In the following list we offer what we consider the very best of the foreign and American Dahlias, which we observed in our extensive trials last season. The greater part we can supply both in dry roots and small plants, but some of the rarer sorts we furnish in green plants only.

While roots may generally be planted by April 15th, it is hardly wise to set out the growing plants until May 10th to 15th.

Dry divided roots may be had at any time, as long as the supply lasts; pot-plants, 2 to 2¼ inches, can be supplied **not earlier than** May 1st.

Contrary to popular opinion, we maintain that Dahlia plants are always superior to dry roots, and are willing to take the responsibility of recommending them.

Varieties marked (P) we can supply in pot plants only.

MRS. A. WARD

TWO GOOD NEW ROSES

MILADY, H. T.

(J. B. Clark X Richmond)

Similar to Richmond in color but far richer in the bud. Large and double, opening perfectly at all seasons of the year. In form and fragrance it resembles Gen. Jack. Strong and sturdy in habit with excellent foliage. Is strongly recommended for these points and also for its great productiveness and wonderful keeping quality to all requiring a first class forcing rose. **Grafted or own roots.** Each, **50c;** 3 for **$1.35;** doz., **$5.00;** 100, **$30.00.**

ERNA TESCHENDORFF—The Best Red Baby Rambler

We feel that Erna Teschendorff will fill the need for an early, free flowering Baby and be a big success. It is the **Best Red Baby Rambler.** We have not seen its like for freedom and earliness of bloom, small plants, in 3½-inch pots, having large trusses of 8 to 10 brilliant red flowers, measuring upwards of an inch and a quarter. It is larger and more double than the Crimson Baby and better in every way.

Those who know good Roses and have seen it at home in Europe, pronounce it **"a red that doesn't fade,"** and predict a great future for it. Our own experience would support that statement.

Having bought early and propagated extensively we are able to offer choice stock at the most reasonable rates:

BABY RAMBLERS

It has been our good fortune to be in the lead in introducing Baby Ramblers to the American public. Eight years ago we first offered the Crimson Baby Rambler and followed that by Vaughan's White Baby Rambler. What a wonderful success these have been commercially every one knows. Other choice varieties of this class will be found in the following list.

The use of Baby Ramblers for forcing at the different Holiday seasons has become so general that we have been obliged to pay particular attention to the forcing quality of these varieties. These that we offer have stood the test and we consider them the very best for the purpose. They are all dwarf and compact in habit and come into bloom very readily.

GERMAN IRIS

German Iris are all sun-lovers and delight in a well-drained situation. They almost outrival the Orchid in delicacy and richness of coloring. They are splendid for beds, border or front of shrubbery. Plant in bold groups for best effect. Avoid planting too deep, barely covering the rhizomes (creeping root-stems) being quite sufficient.

"S" refers to the three standard or upright curling petals. "F" refers to the three falls or drooping petals. We offer the following choice collection:

ORNAMENTAL AND FLOWERING SHRUBS

A VIEW AT VAUGHAN'S NURSERY, WESTERN SPRINGS, ILL.

There is nothing that will add to the beauty and value of the home so much as well selected and judiciously planted trees and shrubs. Considering their moderate cost and the fact that they will last forever when properly planted and cared for, no other reason need be given for surrounding every home with them.

Our Shrubs are Nursery-grown and are transplanted every two or three years. They are nice shapely bushes with plenty of good fibrous roots, and are such plants as are in demand by the first-class retail trade. They should not be compared to stock that is never moved from the cutting beds until sold.

Specimens.—This term is applied to plants that are perfect in height and diameter as well as shape and are recommended where immediate effect is desired.

Shipping Directions.—All stock is sold F. O. B., Western Springs. Packing charges to be added on all orders for shrubs, dormant roses, fruits, trees and vines, at cost. Always give full and explicit shipping directions, as our responsibility ends on delivery to the express or freight office in good condition.

The Nursery is located at Western Springs, 15 miles west of Chicago on the C. B. & Q. R. R., two blocks south of 47th Street, on the continuation of East Boulevard.

Visitors are invited to our Nursery to inspect our stock at any time. We have a choice lot of specimens such as are not usually seen. Our customers will be pleased with the class of stock we send them.

Where personal selection of any stock is made by customers at our Nursery we always charge according to its value.

Certificate of Inspection will be furnished with each shipment.

BURBANK'S OTHELLO PLUM

We take great pleasure in recommending the hardiness of this beautiful variety of which we are the introducers. During the hard winter of 1912 this Prunus proved to be much hardier than Pissardi; even the smallest sizes having survived in the Nursery row without the least protection.

DUTCH BULBS, ETC., FOR DELIVERY SUMMER AND AUTUMN, 1913

Remember: Orders placed with us early enable us to estimate our requirements more closely, and by including your order with ours, for importation, we can afford to sell you at lower rates than in the Autumn, for the reason that when importing on a certainty, we take less risk in having a surplus left. Should we be able to offer anything at a lower rate later in the season we will give you the benefit. ***Send us your list of requirements in Hyacinths, Tulips, Narcissus, Lilies, etc., and we will price.***

GLADIOLI BULBS FOR FLORISTS

KUNDERDI GLORY

Our Gladioli fields are managed for producing first-class bulbs. We plant none for cut-flower purposes and the limited number of blooms which we sell are cut with sufficiently short stems to leave ample foliage on the growing plant, without which it does not mature as strong and healthy a bulb. Our stock of bulbs grown as above will force under glass and will also give strong and healthy flower spikes, blooming early when planted early on favorably located ground.

Mrs. Francis King is used in all the largest cities and produces the most showy and noticeable flower spikes for big decorations.

KUNDERDI "GLORY"—With "Ruffled" Petals

The broadly expanded, wide-open flowers, paired by twos, all face in the same direction and are carried on straight stout stalks fully 3½ feet. From three to eight of these handsome flowers are open at one time. Each petal is exquisitely ruffled and fluted.

The color is a delicate cream pink, with a most attractive crimson stripe in the center of each lower petal, the shade of which is unique in Gladioli. **Per 100 $5.50, per 1000 $48.00.**

PRINCEPS—The King of All Gladioli

Popular beyond every other variety, both in this country and throughout Europe. It has made a class for itself, and you do not have the best until you buy it.

Individual flowers are 5½ inches in diameter and sometimes one inch larger, color being a brilliant scarlet crimson with three broad white blotches on the lower petals.

Price, each 12c, per dozen $1.35, per 100 $10.00.

MRS. FRANCIS KING—New Giant-Flowered Gladiolus

Introduced by **Vaughan's Seed Store** in 1906, it has proven of exceptional merit for florists' use as a cut-flower. Color is a bright "Flamingo" pink, strikingly attractive. The separate flowers, which measure 4 to 5 inches, are borne on stalks 5 feet high, 5 to 6 flowers being open at one time. Strong, robust grower and one of the best florist sorts ever introduced.

Price, First Size, per 100 $2.50, per 1000 $20.00. Second Size, per 100 $1.75, per 1000 $15.00.

AMERICA

The finest pink Gladiolus yet introduced, being especially valuable to florists, both for sale as a cut-flower or use in design work; of strong healthy growth, spikes average from 2 to 3 feet long, individual flowers are large, open and spreading, all facing one way, color being delicate lavender pink—might be called a tinted white. **An easy forcer** and a money maker for the florist. **Per 100 $3.00, per 1000 $25.00.**

AUGUSTA

The best "Florists' " White Gladiolus. Should be planted liberally by all. Strong, healthy, long spikes of flower, color being pure white with blue anthers. We are headquarters for this variety, having a splendid stock of large healthy bulbs.

Bulbs 1¾ in. and up, per dozen 30c, per 100 $1.75, per 1000 $16.00; 1¼ to 1½ in., per dozen 20c, per 100 $1.45, per 1000 $13.00.

CHICAGO WHITE

The flowers are well expanded, well placed upon the stalk, pure white with faint lavender streaks in the lower petals. They are borne on tall straight stems and from 5 to 7 flowers are open at one time. It is one of the **earliest** varieties to bloom, hence valuable as a cut-flower sort, either for forcing or outdoor planting. We believe the Chicago White is sure to make a name for itself as soon as the crop increases sufficiently to give it general distribution.

Per dozen $1.25, per 100 $8.00, per 1000 $70.00.

EUROPA—Best pure white yet introduced. Perfect flower spike with six to eight flowers open at one time. **Each 75c, dozen $8.50.**

TACONIC—Bright, lively pink, flecked and striped with shades of the same color. The markings on the lower petals are deep crimson. **Per 100 $3.00, per 1000 $25.00.**

IMPORTED BULBS AND PLANTS

We ask the attention of our customers to the following details regarding specialties in Bulbs and Plants which Vaughan's Seed Store imports for florists. Through our very complete arrangements, worked out for more than 25 years, we are able to make the best possible early deliveries at just the right time when the customer wants the stock for planting, and at the same time so cover our freight rates and expenses by carload shipments that no foreign agents of Dutch houses or their representatives can take care of all of your wants in these bulbs at as small a sum of total cost as Vaughan's Seed Store can do.

If you will read the table below and note the many sources from which these bulbs are secured and the reasons why we at Chicago and New York are in position to take care of the many incoming shipments at the proper dates, some of which vary perhaps but two or three weeks, and yet these shipping dates are of such importance to the grower of the stock as well as the user of these stocks that they cannot be changed or bunched together.

FREESIAS—We get these by fast express from France and California and we often deliver before July 4th.

L. HARRISII—We are headquarters for these and our select Bermuda stock is often ready at New York by July 15th.

NARCISSUS GRANDIFLORA—ROMAN HYACINTHS—These two items of French bulbs come to us in two shipments, the first for growers who use one or both for early November forcing, Thanksgiving sales, etc., where they often help out materially in case of delayed crop of Roses and Carnations. For our southern customers we often make late deliveries of Narcissus when they want to hold them back for October 1st planting.

NARCISSUS SOLEIL D'OR—This early forcing Yellow Narcissus from Southern France is proving very useful for holiday work. Order early; the supply has not been sufficient to go around.

CHINESE NARCISSUS—We receive these bulbs in carloads from Japan; the retail sales begin as quick as the bulbs can be had in early September and often last until New Years. There is quite a little opportunity for counter business in this article. Of course these bulbs cannot be bought from Europe.

DUTCH BULBS—Our big stock of these bulbs of Hyacinths and Tulips are mainly from Dutch houses who do not send peddlers to America and they are not up to the peddler's tricks, that is, give you a fine lot of bulbs one year for the sake of soaking you with cull stock the second year. Our connections are good substantial Dutch houses who make it their business to send us A-No. 1 sound bulbs every season, knowing that in no other way can they depend on our business, and they consider our business worth while.

We are ready to submit our figures to you on Dutch Bulbs, and guarantee to meet the delivered prices at your city of any offers that you are made by traveling Hollanders. Our records show the weight per 100 bulbs of many of the leading forcing Hyacinths and Tulips, as we find that a pretty safe and easily made test of the value of the bulbs when they come in. We invite our customers to experiment on their purchases and make some records on these lines and see if it is not of material value in proving the merits of the stock. They will find it helpful in checking up the real value of the stock.

SPANISH IRIS—GLADIOLUS COLVILLI—Dutch growers who ship these with Tulips and Hyacinths do so at the risk of the stock being dug too early. This also applies to the Gladiolus Colvilli. Both of these items we receive in separate shipments from Holland just as soon as the bulbs are matured there, and we do not allow our Dutch growers to ship either too early or too late to the risk of successful growing.

JAPANESE LILIES—We are positively headquarters on all classes of Japanese Lilies, importing them in carloads and bringing the different stocks as they ripen, Formosum, Multiflorum, Giganteum, and the hardy kinds, Rubrum, Album and Auratum, each in its season. In the quantities we use both at Chicago and New York we receive the benefit of carload freight rates in every case and can make deliveries without extra freight at San Francisco and Portland, Chicago and New York. Our Canadian customers who buy these as well as other bulbs in quantity, can have them shipped through to destination in bond, thus saving duty, providing their orders are placed with us in reasonable season.

AZALEAS—This Belgian product comes to us in carloads, and distant shipments we make by express. This is a difficult plant to handle, and some importers have given up the trade. We do not guarantee the varieties which can be supplied nor just when they will flower, but we can satisfy the average florist who understands Azaleas and how they ought to be handled and the risks that attend their importation. More we can not do.

LILY OF THE VALLEY—Here is another item that cannot be supplied by the Hollanders. We have excellent stocks both from the Hamburg district and from Central Germany, and store two grades all the year around, making weekly, fortnightly or monthly shipments of these in such quantities as suit our growers, and on request are glad to express trial lots to prove the forcing value of the stocks.

SPIRAEA—The newer varieties, Gladstone and Queen Alexandra, we receive in separate shipments just as soon as the clumps are ripened. We pack these in cases of 100 each to carry them free from injury of drying out or heating, which often injures both the roots and buds. The low prices at which Spiraea is sold make it impossible to import to advantage in moderate lots from Dutch growers, as if the average buyer would import these separately the special charges for customs duty entry and brokerage fees would amount to considerably more than the profit we charge to our customers.

GLOXINIAS—TUBEROUS BEGONIAS—These bulbs we usually receive the first part of December, and as they are light they usually go to our customers by express. We carry a good line of both double and single sorts, in separate colors and mixed.

COLD-STORAGE LILIES—Giganteum, Rubrum, Auratum and others. These we carry in stock for our regular sales, and we also store them for our customers. Some large buyers assume their own storage risks. Details in this regard given on application.

TAKE NOTICE—No French Bulbs can be bought to better advantage than through American wholesale firms. To connect with Dutch stocks in Holland there is an extra cost of freight shipments to Holland from France and to America from Holland, and thereby unavoidable delay. Buy your French Bulbs of American houses, preferably of Vaughan.

Vaughan's Flower Seeds

The Best Flower Seeds in America.—We have made this claim for years and judging from our ever increasing business we have "made good" and our constant endeavor will be to maintain the position we hold in the Flower Seed business. A representative of our firm made an extensive trip through Europe the past summer visiting the most important seed growers and flower seed specialists. We are therefore in a position to furnish not only the **very cream** of each grower's best strains, but offer varieties we know are just what the American trade prefers.

We should be pleased to suggest best varieties for certain purposes.

Our list contains all the best novelties that we know to be worthy of cultivation and that are improvements on the older kinds, or entirely new varieties, as well as all the standard sorts.

Flower Seed for Summer Sowing.—Cinerarias, primulas, etc., also perennials. We issue a special circular in June. Should you fail to receive one, please write for it, as we have some very desirable novelties to offer.

For seeds of perennials and biennials, see pages 42-44.

Trade packets contain considerable more seed than ordinary or retail packets, being based on Florists' needs for ordinary purposes.

Florists invariably get trade packets unless otherwise specified.

For full descriptions, see Retail Catalogue.

Quantities of ¼-lb. and over are charged at the pound rates; ⅛-lb. at the oz. rate; ½-oz. at the oz. rate, but only when the price per oz. is 40c or more, and is not otherwise quoted.

We do not sell ½-ounces where the price per ounce is 15c or under.

10 Per Cent Special Cash Discount.—On orders over $2.00 for Flower Seeds if the cash is enclosed, 10 per cent. This discount does not apply to Asparagus Seed. Cash discount on this is 2 per cent.

VAUGHAN'S ASTERS

Asters are of very easy culture. The seed can be sown in the open ground in May and the plants will then bloom in September and October. For earlier blooming, seed should be sown in March or April, in cold frame or hot bed, or boxes in the house. Seed should not be covered more than one-quarter inch.

Asters must not be planted in freshly manured soil nor in soil that has been planted with Asters for two or three years previous. Unslacked lime or fresh wood ashes are beneficial if stirred in the soil a little before the planting.

VAUGHAN'S "ELITE PANSIES"

This is not a complete mixture like our International; it does not contain any pure white, yellow or any self colors. It is comprised of the cream of four Pansy specialists' choicest and most expensive mixtures. **Trade pkt., 50c; ⅛ oz., $1.00.**

IMPROVED GERMAN MIXTURE

This is a mixture of three strains from different German growers and is made up mostly of separate colors, with a sufficiently large percentage of white and yellow. **Trade pkt., 10c; ⅛ oz., 20c; ¼ oz., 30c; oz., $1.00.**

VAUGHAN'S CUT FLOWER MIXTURE

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut-flower growers, who have realized big returns from the sale of the flowers. Pansies are as easily grown as violets, require less care and bring better returns. **Trade pkt., 50c; ⅛ oz., $1.00; ¼ oz., $2.00; oz., $7.00.**

VAUGHAN'S GIANT PANSY MIXTURE

Embraces besides all the separate shades and colors five special strains not listed elsewhere, and which can only be had in this and our International mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, the splendid Cassier strain. **Trade pkt., 25c; ⅛ oz., 60c; oz., $4.00; ¼ lb., $14.00.**

NEW PRINCESS PANSIES

Of the Cassier and Masterpiece type, habit remarkably erect, which is its distinguishing characteristic. Extensive range of colors with yellow predominating. **Trade pkt., 25c; oz., $1.50.**

VAUGHAN'S INTERNATIONAL PANSIES

Vaughan's International Pansy Mixture was first offered by us in 1889. We import from all the best European sources, and personally inspect the fields of French and German specialists. Each year has added to the quality of its flowers and variety of its colors. We buy every year novelties of known merit to improve the mixture; it is always complete, always the latest and always the best mixture. We add to all Pansy Mixtures which we now buy more than fifty per cent of the choicest named kinds obtainable, each in correct proportion. This is one of the **specialties** which has established the reputation of Vaughan's Flower Seeds, and one which we maintain most carefully. **Trade pkt., 50c; ⅛ oz., $1.50; ½ oz., $5.00; oz., $10.00.**

VAUGHAN'S Vegetable Seed Novelties and Specialties for 1913

Regarding Seed Crop The 1912 seed crop will be known as a short year although fortunately not as short or as bad as 1911. Last year the seed grower had to contend with dry weather. A period of 100 rainy days in the seed growing sections of Europe did great damage and in this country early snows and late rains hurt both the pea and bean seed crop badly.

The principal shortages are Beets, Beans, Carrot, Cabbage (both European and American), Golden Self-Blanching Celery, Leek, Globe Onion Seed due to shortage of Bulbs, Peas, Parsley, Parsnip and some varieties of Turnip.

Novelties and Specialties On this and the following pages we list a number of the latest introductions of new vegetables or new strains of standard kinds that we believe after thorough trial are of value and interest to the market gardeners.

BEANS—"A Few Vaughan's Specials"

The illustration from nature of five kinds of beans on this page represents the types of the popular market garden beans—beginning at the left, Wardwell's Wax, Davis Kidney Wax, Longfellow, Stringless Green Pod and Black Valentine, toward which we have been re-selecting and breeding up our stocks for the past six years on our farm in Central Michigan. As a result of this work we are able to offer our customers strains of beans we know to be right. We offer similar fancy strains of the following other sorts: Earliest Red Valentine, Extra Early Refugee, Refugee or 1000 to 1, Improved Golden Wax, Currie's Rustproof Wax, Hodson Wax and Round Pod Kidney Wax.

The superiority of our stocks of Beans is based on the following points—**Trueness to type**—every field carefully cleared of "off" plants; chance mixtures in threshing eliminated; we are "line breeding"; **Vigor**—our seed is almost free from blight or anthracnose. **Sample**—we put more expense on cleaning and picking our beans than does any other firm. See pages 5 and 6.

Prices No Higher Than Others

	Qt.	Pk.	Bu.
Wardwell's Wax	$0 25	$1 40	$5 50
Davis Kidney Wax	25	1 40	5 50
Longfellow Green Pod	25	1 25	5 00
Stringless Green Pod	25	1 50	6 00
Black Valentine	25	1 25	5 00

Beginning at the left: (1) Wardwell's Wax; (2) Davis Kidney Wax; (3) Longfellow Green Pod; (4) Stringless Green Pod, and (5) Black Valentine, types from nature of a few of Vaughan's Special Beans, our own breeding and growing in Central Michigan.

NEW CABBAGE—COPENHAGEN MARKET

First Early Cabbage, Copenhagen Market

A new Danish grown strain of a popular Dutch Cabbage, Early Ditmarsher Copenhagen market, promises to fulfill a long-felt want in America. It is a solid-headed flat cabbage of almost the same season as Wakefield. The important features in its favor are uniform ripening, so that harvest may be completed in almost one picking; solid head of good keeping quality so that the heads may be kept in case of a temporary market glut; heavy yield, the flat varieties producing a much heavier crop than the oblong sorts; compact head, allowing close setting; quality of the very highest and much superior to the Wakefields.

Our gardener customers who tried this sort the past seasons were more than pleased with it. **Pkt 10c, oz 40c, ¼ lb $1.25, lb $5.00**

New Red Cabbage, Vaughan's Black Diamond

A grand second early, hard heading black red Cabbage. It is an imported variety from Northern Europe and has all the keeping and hard heading qualities of the Dutch Winter and Danish Ball Head sorts. The heads are of medium size, having only two outer leaves, permitting close planting where space is valuable. The most important Red Cabbage introduced in years. **Pkt 10c, oz 35c, ¼ lb $1.00, lb $3.50.**

CELERY, The Best White. VAUGHAN'S CHICAGO SELF BLANCHING

A fine new early white Celery, earlier and larger than White Plume or Snow White; as large as Golden Self Blanching and of much better quality than any other White. Chicago Self Blanching may be sown for early use in February and marketed by July 1st without running to seed. The foliage is green and white. The stalks are tender, brittle, very sweet and of a nutty flavor. Our seed this year is re-selected stock on which we have been working a number of years.

Customers desiring an early white Celery will find nothing as good as this variety. **Pkt 10c, oz 25c ¼ lb 75c, lb $2.50**

CHICAGO GIANT SELF-BLANCHING CELERY

NEW SWEET CORN—EARLY IOWA

EARLY IOWA
Our Largest Extra Early Sweet Corn

This variety is, we believe, the earliest which produces ears of marketable size. It is earlier by a week than the regular strains of Early Red, Early White, or Mammoth White Cory. It is a real Sweet Corn of excellent quality. The illustration gives a good idea of size and evenness of the rows of kernels. The ears are eight rowed and are usually two to a plant. The stalks are short with little foliage.

Early Iowa has been given a thorough trial by our customers and ourselves, especially through the Middle West and we have found no Corn now in the market to equal it in the combination of earliness and size.

Vaughan's Special The variety originated in Iowa where its breeder is always in the market a week or ten days ahead of competitors. **Pt 15c, qt 25, ½ pk 65c, pk $1.25, bu $5.00.**

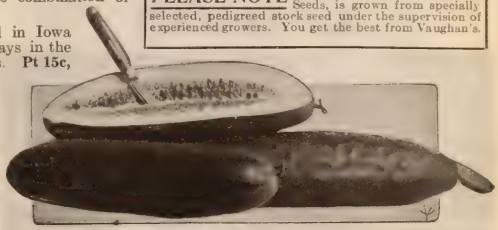
THE EARLIEST SWEET CORN of value to the Market Gardener

PLEASE NOTE Our Sweet Corn, like our Garden Seeds, is grown from specially selected, pedigreed stock seed under the supervision of experienced growers. You get the best from Vaughan's.

HOODOO—"The Money Melon"

This has never been a hoodoo for those who grow it. On the contrary, a better Melon everywhere than the Netted Gem (or Rocky Ford). It may well claim the name HOODOO as indicating the effect it has on other Melons. When a prime consignment of this one strikes a good market all the other kinds are promptly Hoodooed.

It is the triumph of the grower in breeding for these points—uniform size, closeness of netting, roundness of form, tough rind, blight resisting.



Quality The flesh is of fine grain (not stringy) and of the sweetest flavor. HOODOO Melons from Michigan points bring the highest prices on the Chicago market, in competition with the whole United States.

Size and Shape The size of HOODOO is just right (about the same size as Rocky Ford) so that it may be served cut in halves.

Flesh and Color The flesh is of deep orange color and extremely thick, there being only a small seed cavity.

As a Shipper The netting is ideal, heavy and close the Melon solid and heavy and firm at the blossom end.

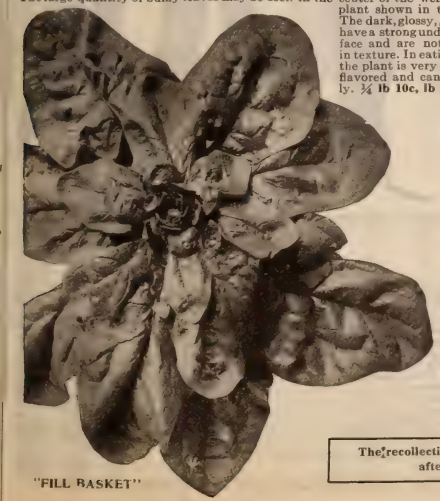
THE DAVIS PERFECT CUCUMBER



Davis Perfect is today the most popular Cucumber of the extra long white spine type. It is a selection made by a veteran outdoor and greenhouse Cucumber grower who has combined the most desirable features of the extra long type—length, slimness, dark green color, and at the same time it is an extremely vigorous and productive variety. On account of its vigor Davis Perfect is a better blight resister than the other long sorts.

Our seed has been most carefully re-selected each year and our seed fields run remarkably even in size, shape, and color. **Oz 15c, ¼ lb 35c, lb $1.00.**

Stock seed for greenhouse use, **Pkt 15c (2 for 25c), ½ oz 60c, oz $1.00.**

NEW SPINACH—VAUGHAN'S GIANT "FILL-BASKET"

This novelty in "Greens" has been produced through the careful culture of an expert German grower, and the "Fill-Basket" in Germany, is regarded as the best Spinach ever produced. With our customers and in our trial grounds it has given phenomenal results. The enormous plant illustrated on this page grew twenty-four inches across on rich soil; twice as large as the Victoria. The large quantity of bulky leaves may be seen in the center of the well developed plant shown in the picture. The dark, glossy, green leaves have a strong undulating surface and are notably thick in texture. In eating qualities the plant is very tender, well flavored and can be cut early. **¼ lb 10c, lb 25c.**

"FILL BASKET"

NEW FORCING RADISH GIANT BUTTER

A Novelty of Sterling Merit.

This is by far the largest of the early, turnip, forcing radishes, exceeding in size even the Crimson Giant or Wurzburger. By careful selection Giant Butter has been bred true to type so that there is almost no deviation from its fine round shape. In color it is vivid scarlet. A most desirable greenhouse or hotbed variety for forcing—the tops are extremely short and the tap root is small. The quality is unexcelled, tender, crisp and does not become hollow or pithy. **Oz 10c, ¼ lb 30c, lb $1.00.**

RADISH GIANT BUTTER

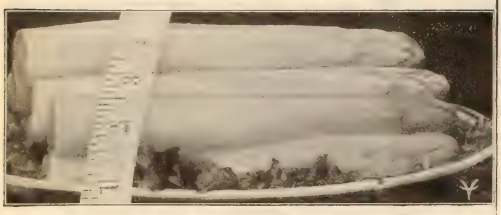
NEW PURPLE TOMATO "EARLY DETRIOT"

An Early "Beauty" something which will fill a long felt want for our market gardener customers. This is a variety maturing medium early, bears uniform, large, handsome, smooth purple fruits, through a long season and yields in the aggregate even more marketable tomatoes than the old Beauty. The fruits are almost globe shaped, firm, and ship as well as any variety we know. Should be planted wherever Beauty has done well. **½ Oz 12c, Oz 20c, ¼ lb 70c, lb $2.50.**

TOMATO EARLY DETROIT

The recollection of QUALITY remains long after price is forgotten.

Vegetable Seeds for the Professional Gardener



The market gardener and florist demand high class seeds—their livelihood depends upon the quality of those which they plant. The up-to-date planter realizes that "the best seeds are always the cheapest," so each year as gardening becomes more a profession and less of an occupation, the cry for "improved seeds" without regard to prices becomes stronger and stronger.

Vaughan's Seeds are from the best growers we have been able to locate during our thirty-six years experience in the seed business. Cost has never been a consideration with Vaughan's Seed Store when better quality might be had. We believe and all of our trials prove that our stocks average with those of any firm in the seed business.

And finally we can truthfully say that each year there is and will be a betterment in the seeds we offer not only because of new varieties, which are good in their way, but what we think more important, improved selections of standard sorts.

Growth. Every lot of seed is tested and of proven vitality before being sent out or sold.

ASPARAGUS

BONVALLET'S GIANT.

(Illustrated above.)

It is acclimated to our soil; it is more vigorous than imported French; and undoubtedly is the best commercial variety on the market.

The shoots are as large as any we have ever seen, they are purplish in color, or when planted deep produce the very finest of all white asparagus. Owing to the excellent quality, sweetness, tenderness and beautiful appearance, this is a highly favored sort. The seed is grown by the originator.

This is a money-maker for the gardener. **Oz. 15c, ¼ lb. 35c, lb. $1.25.**

Two year old plants, **per 100, $1.50, 1,000, $10.00.**

EARLY GIANT ARGENTEUIL.

Direct from one of the largest plantations near Paris; our seed is imported. This sort is very large and is splendid for either green or white grass.

Oz. 10c, ¼ lb. 25c, lb. 75c.

Asparagus Seeds March or April is the time to sow Asparagus seed and it should be sown in good, rich, mellow soil. As soon as the ground can be worked the seed should be planted in drills one foot apart and then covered with earth from ½ to ¾ of an inch deep.

The principal wax varieties used by market gardeners are—Flat Pods: Davis Kidney Wax, having long straight pods, and white seeds, very prolific, does best in light soil; Wardwell's Kidney Wax, early stringless, pods about 5½ inches long, very productive, best adapted to a heavy soil; Hodson, a late season, wonderfully prolific wax bean, pods very similar to Davis. Round Pods—Among the varieties: Round Pod Kidney Wax, Stringless and Prolific Black Wax; for a main crop—Pencil Pod, Curries Rust Proof, Improved Golden Wax, Valentine Wax, very early variety in the South; Horticultural Wax, early as Wardwell's, hardier, but not stringless.

CABBAGE

VAUGHAN'S SURE HEADING SEED

NOTE

We supply the most critical market gardeners in the United States, whose success depends upon buying the best, with our well known special stocks of Cabbage Seed. No greater proof of quality, than increasing business with experts

DUTCH WINTER OR HOLLANDER

ALL HEAD OR FAULTLESS

Early

This Cabbage leads in popularity, and it does so for the reason that it is a sure-to-head sort.

The heads are uniform in shape, large size and of remarkably good quality. Fine for Kraut.

It is a flat head cabbage, has few outer leaves, permitting closer planting to the acre than is possible with other varieties. It is early, so it combines the necessary features of a profit making sort. Everything considered it is the best one variety cabbage. **Oz 30c, 2 ozs 55c, ¼ lb 85c, 1 lb $3.00.**

DANISH BALL HEAD

Our strain of this cabbage is grown for us in Denmark by the most reliable grower there. It is the best late cabbage, for late spring sale and for shipping.

Has long stem, medium size head, extremely solid, long keeper. **Oz 30c, 2 ozs 55c, ¼ lb 85c, 1 lb $3.00.**

VAUGHAN'S SELECT EARLY JERSEY WAKEFIELD

This is the best early cabbage in cultivation. It forms fine solid heads of good size and pointed shape, not many outer leaves. Of the extra early conical shaped head varieties, this is the best in the United States.

We offer an extra fine strain of this seed, grown from selected hard heads. **Oz 25c, 2 ozs 45c, ¼ lb 70c, 1 lb $2.50.**

LARGE JERSEY OR CHARLESTON WAKEFIELD

This sort is larger heading, than the Early Jersey Wakefield. It matures a few days later, with larger heads; brings higher prices in the market.

It is popular with Southern planters. Re-selected seed. **Oz 25c, 2 ozs 45c, ¼ lb 70c, 1 lb $2.50.**

DUTCH WINTER OR HOLLANDER

This cabbage is most universally grown throughout the Wisconsin, Michigan, Illinois and Indiana Cabbage growing districts.

The heads are very solid, but not large, they are the right size and shape to meet the demands of the consuming public. Short stem.

Our strain of this cannot be surpassed; it has produced most successful results in every district. **Oz 30c, 2 ozs 55c, ¼ lb 85c, 1 lb $3.00.**

DWARF AMAGER OR SHORT STEMMED DANISH BALL HEAD

A variety very similar to the Dutch Winter or Hollander. We import the Seed direct from Amager Island, Denmark. **Oz 30c, 2 ozs 55c, ¼ lb 85c, 1 lb $3.00.**

VAUGHAN'S BRIDGEPORT DRUMHEAD

The best large, fall shipping cabbage in existence. Our strain of this cabbage, of which we are the introducers, has been selected by us for twenty years, and the original type has not only been kept up but improved. A field of them is more uniform than any other sort.

Fine for slicing, for Kraut: for general table use it is unsurpassed. **Oz 20c, 2 ozs 35c, ¼ lb 50c, 1 lb $2.00.**

Two Valuable New Varieties

Glory of Enkhousen. A round-headed, very solid fine ribbed, best quality early cabbage. We think this about the hardest heading, long keeping, early sort. Live gardeners should give it a trial. **Oz 30c, 2 ozs 55c, ¼ lb 85c, 1 lb $3.00.**

Danish Summer Ball Head. This is the Danish Ball Head of early cabbages. It closely resembles the Winter Ball Head, except that it is smaller and may be brought in with the very early flat head sorts. There is a trace of curliness in its outer leaves and a delicate flavor that suggests Savoy blood. Our market gardeners who have tried this are very enthusiastic. **½ oz 15c, oz 25c, 2 ozs 45c, ¼ lb 70c, 1 lb $2.50.**

EARLY CHANTENAY

About the Crop! Although there is this year a shortage in European Carrot crop similar to last year when conditions were unprecedented, we are fortunate in having a supply from this side which is ample to meet our regular supply being an almost complete failure, we had to fill our stock outside of our usual sources.

VAUGHAN'S SELECT DANVERS

CARROTS

FOUR LBS. TO THE ACRE

For early bunching, gardeners will find Chantenay unsurpassed. For general crops, our Select Danvers; for feeding, Mastodon and Belgians.

Our Carrot Seed is raised by the most careful and experienced growers, who know the importance of selection. The Early Scarlet Forcing is the earliest, followed by Early Short Scarlet, about three inches long; Oxheart, Nantes, and Chantenay follow, these being from four to six inches. Select Danvers is a little longer, and Long Orange the longest of all.

There is an immense superiority in our stocks over the cheaper California grown seed, and it will satisfy the most critical market gardener.

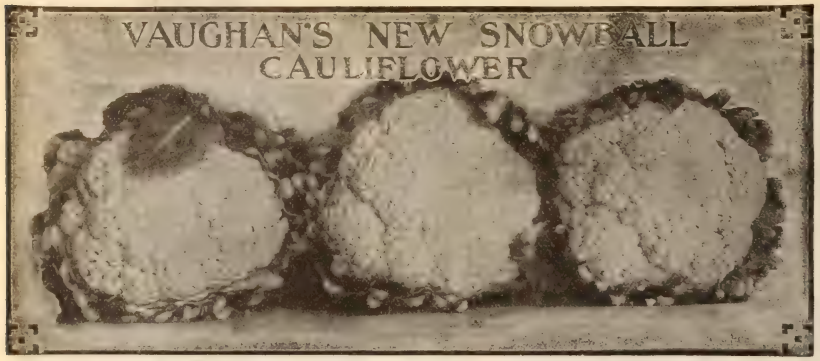
CAULIFLOWER. Dry Weather

CAULIFLOWER



No seed is more important than this. It is one of the seeds in buying, in which price should never be questioned.

THE seed of this strain was saved with the greatest care only from perfectly developed heads, which yield but little seed. Good Cauliflower seed is always high in price; cheap Cauliflower is a poor investment, because it cannot be good.

The best seed of this type of Cauliflower comes from Amager Island, near Copenhagen, Denmark. There the winters are mild, causing little loss from rot in the seed heads, and the cool, moist summers give ideal growing conditions for this vegetable.

Available ground is scarce and value high, so intensive culture is necessary.

Vaughan's Snowball is the result of years of careful selection by an experienced and most painstaking gardener, under these conditions.

Vaughan's New Snowball Cauliflower.

The best general purpose variety either for Spring or Fall planting.

Vaughan's New Snowball Cauliflower is a specialty of our house. It is on such particular seed as Cauliflower, in which the least variance from the true strain results in great injury to the grower, that a seed house builds up its reputation. We know our Cauliflower is the equal of anything that can be produced. In our trial ground tests we have tried nearly every strain of cauliflower offered on the market and, while we have found a few equals, we have never found a superior to Vaughan's Snowball. We pay more for our seed than probably does any large seed house in the United States just so that we can have it as near perfection as it is possible for man to grow it. High bred Cabbage and Cauliflower does not germinate as well as less carefully bred strains. Nevertheless we have taken such pains to reclean and re-sift our seeds after receiving them from the grower that our seed is always up to standard of growth. Head usually 9 to 10 inches across, perfectly white and very solid, deep and compact.

Vaughan's New Snowball Cauliflower is put up in packages as follows: Pkts., ¼ oz., ½ oz., 1 oz. and ¼ lb., sealed with our trade mark and with distinctive paper and printing.

Pkt., 25c; ¼ oz., 65c; ½ oz., $1.25; oz., $2.00; ¼ lb., $8.00; lb., $32.00.

White Plume, Self-Blanching—Vaughan's Selected Stock

We have not yet found a Celery that is as early and of as good a flavor, as crisp and tender, as our selection of this sort. We sell large quantities of this seed to market gardeners, who find it **uniformly white and free from green or hollow stalks.** It is not a good keeper, but it is excellent for Fall and early Winter use. ½ oz., 12c; oz., 20c; 2 oz., 30c; ¼ lb., 50c; lb., $2.00.

WHITE PLUME—Regular Stock. ½ oz., 10c; oz., 15c; 2 oz., 25c; ¼ lb., 40c; lb., $1.50.

Golden Self-Blanching—Vaughan's Selected Stock

This is the best Celery for early use. The stalks are much broader and heavier than those of the **White Plume,** and greatly superior in quality. It is ready for use nearly as early, producing dwarfer and much larger bunches of broad, heavy stalks, blanching to a **deep golden yellow.** The handsome color, crispness, tenderness, freedom from stringiness and nutty flavor of this variety make it only necessary to be tried in order to establish it as the **standard of excellence as an early sort.** ½ oz., 65c; oz., $1.25; 2 oz., $2.25; ¼ lb., $4.00.

GOLDEN SELF-BLANCHING—Regular Stock. ½ oz. 25c; oz., 45c; 2 oz., 80c; ¼ lb.; $1.50; lb., $6.00.

"Winter Queen"

This is without doubt the most valuable variety of Celery for Winter and Spring use. It is also much stouter, thicker and heavier, with **double the amount of heart of any known Celery.** The plant is of close habit and blanches to a beautiful cream white. Ribs perfectly solid, crisp and of a delicious nutty flavor. Grow Winter Queen once and you will always grow it. ½ oz., 12c; oz., 20c; ¼ lb., 50c; lb., $2.00.

Vaughan's Giant Golden Heart

The best Celery for Winter storage. Ever since we introduced this Celery it has gained in public favor and rightly so, for it is not only the best keeper, but **it is large, solid, as sweet as a walnut and of a beautiful golden color.** It is a selection from the Dwarf Golden Heart; grows much larger than its parent. ½ oz., 12c; oz., 20c; 2 oz., 30c; ¼ lb., 50c; lb., $2.00.

SWEET CORN

Vaughan's Extra Selected

THE FOUR BEST GARDEN VARIETIES

Mammoth White Cory. One of the largest and best extra early varieties. Each stalk furnishes two or more large fine shaped ears ready days before other large sorts. The ears are 12 rowed, very symmetrical and handsome, with no opening between the rows at the base. The grain is large, broad, very white and of remarkably good quality for such an early sort. The size and beauty of this variety gives it ready sale even when the market is over stocked. Vaughan's Special strain is early and large. ½ **Pk 55c, pk $1.00, bu $4.00.**

Improved Early Champion. The Earliest Large Sweet Corn. Produces ears 12 in. long in 60 days. The new variety is without question the earliest large sweet Corn yet introduced, being only a few days later than the first early small sorts. Ears nearly as large as the Mammoth; 12 rowed; pure white kernels, with medium size white cob; very sweet, tender and full of milk; yielding two and three ears to the stalk. The best kind for early and late planting. ½ **Pk 55c, pk $1.00, bu $4.00.**

Stowell's Evergreen. The most popular main crop Sweet Corn. Ears numerous, kernels large, deep white and of fine flavor. A late sort. To supply the right seed of this favorite has been our effort for many years. Seed grown near the Eastern Atlantic Coast has always shown by its flavor and shriveled, ripened kernels the highest percentage of sugar known. We offer both selected seed from Eastern grown stock and Western grown seed from original Eastern stock. Eastern grown, ½ **pk 55c, pk $1.00, bu $4.00.** Western grown, ½ **pk 50c, pk 95c, bu $3.75.**

Country Gentleman. One of the sweetest of all Sweet Corn, and also one of the most productive sorts, the stalks averaging three ears, sometimes as many as five; kernels and cobs are pure white, cob small, kernels deep, ears average nine inches in length. **Qt 25c, ½ pk 60c, pk $1.15, bu $4.50.**

MUSK MELON

Netted Gem—Rocky Ford.—Selected Stock.

This seed is carefully grown, selected and saved at Rocky Ford under the care and supervision of one of the most careful shippers. It is well known that much seed offered as Rocky Ford stock has been saved by local growers from surplus or cull Melons by men who know nothing of the responsibility of the seed business. Careful planters should avoid this kind of stock.

VAUGHAN'S SELECTED STOCK—From best melons in field. **Oz., 15c; ¼ lb., 40c; lb., $1.50.**

ORDINARY STOCK—Seed from entire field planted only for seed. **Oz., 10c; ¼ lb., 20c; lb., 60c.**

Round Gem. This is the true original type of Netted Gem originated in Philadelphia, but our grower has improved it by weeding out so far as possible the oval type. **Oz., 10c; ¼ lb., 20c; lb., 60c.**

The Osage Gem. Early as Netted Gem; same size and shape. Flesh, orange, solid and of best flavor. **Oz., 10c; ¼ lb., 30c; lb., $1.00.**

Rocky Ford Musk Melon.

VAUGHAN'S PAUL ROSE or PETOSKEY.

The best and most uniformly high quality table Melon introduced in ten years. "This is a cross of the Osage with the Netted Gem, and combines the sweetness of the former with the fine netting of the Gem. It has also the firmness of meat, salmon color, and cheesy structure peculiar to the Osage. In this respect it is superior to any Melon in existence, because of this thick, solid flesh, free from stringiness, which does not become watery or 'break down' in keeping, retaining its form twice as long as any other shipping Melon. **PRICE: Vaughan's Selected Seed, oz., 20c; 2 oz., 40c; ¼ lb., 60c; lb., $2.00.**

Vaughan's Regular Stock, oz., 15c; ¼ lb., 25c; lb., 80c.

VAUGHAN'S ORIGINAL OSAGE.

This famous Melon is our own introduction, and we take special pride in maintaining the quality and superiority of our stock. We pay many times the prices given ordinary seed growers to get our seed raised in the best locality and then selected from merchantable early Melons. Seed obtained from culls left in the field after marketing is over can be bought cheaply, but is high at any price. However, seed taken from early choice market melons must bring a high price, though really a hundred times cheaper than the other. Salmon flesh, high table quality; during the last season was the best Melon on the Chicago Market. Our strain is dark skinned, but moderately netted.

Vaughan's Selected Stock—Oz., 20c; 2 oz., 35c; ¼ lb., 65c; lb., $2.25.

Raised From Vaughan's Special English Spawn.

FRENCH MUSHROOM SPAWN.

French Spawn is planted for the growing of button mushrooms. Ours is the very best to be had, being sown from selected mushrooms. Put up in boxes of 2 pounds each. **Price, per box, 75c; if by mail, $1.20. The same loose, per lb., 35c; if by mail, 45c; 10 lbs., $3.20.**

The essentials in Mushroom growing are: an even temperature, 55° to 60°, maintained day and night; well prepared beds with good manure; a moist atmosphere, where the air is dry beds lose their moisture quickly and must be watered. Water applied directly to a Mushroom bed always injures the crop.

MUSHROOMS

The last few years have shown a large increase in the amount of Mushrooms grown and still the prices are not only maintained, but increased. Vaughan's Seed Store has been most successful in supplying with satisfaction both the Imported English Spawn (Vaughan's Special)and Pure Culture Spawn to market growers. We make at least five importations yearly, so as to always have a fresh supply.

English Mushroom Spawn. Our Spawn is manufactured by the largest and most successful maker of Spawn in the world. He has made Spawn for some thirty years and has kept up on all the new methods of manufacture. Our Spawn is made by the famous tissue method from selected specimens. It has been found that English Spawn, as a rule, does not bear so quickly as the American pure culture, but it, however, lasts much longer in bearing.

Pure Culture "Garden City" Spawn. The best Spawn for beginners. The highest development in the art of Spawn making. This Spawn is made from tissue cultures from select specimens produced by Spore (seed) culture. The bricks are inoculated with tiny threads from a young specimen fruit, so that the special sorts or strains are produced, true to type. By this selection of varieties the inferior yielding kinds are avoided. We carry the Cream Brown or Bohemia variety, which has proven the best yielder. We can, however, supply the Pure White, Brown, Alaska or Columbia pure culture Spawn. **Price, Direct Bricks, inoculated from laboratory cultures, 1 brick, 40c; 5 bricks, $1.75, postpaid; by express, 10 bricks, $2.00; 25 bricks, $4.25; 100 bricks, $15.00.**

WATER MELON

In watermelons for market there has been a considerable change in varieties the past few seasons due to the introduction of the Alabama Sweet and Tom Watson, good shipping varieties of the long type melon, a type long associated with high quality but heretofore too poor shippers. Growers who intend to ship carloads away to market should be careful to find out what their receiving market demands.

Kleckley's Sweet. The quality melon for home and local market. Without doubt this is the highest quality melon both as to texture, firm with no stringiness, and sweetness, in which respect it has no equal of all melons on the market today. In shape it is oblong, of good size, skin dark green, flesh bright scarlet, ripening close to the skin. The large heart does not crack open when ripe. Its one fault is that the shell is thin—will not ship without breaking. **Oz., 10c; ¼ lb., 20c; lb., 65c; 5 lbs., $3.00.**

Alabama Sweets. A popular, rather new long oblong melon with hard shell, which makes it a good shipper. In color dark green, size large and excellent quality. Especially popular in Texas districts. Select stock. **Oz., 8c; ¼ lb., 20c; lb., 60c.**

Tom Watson. (New. See Novelty page 4.) The most popular market shipping melon. In the few seasons since its introduction it has displaced nearly all the old standard kinds in the large watermelon producing sections. **Oz., 10c; ¼ lb., 25c; lb., 80c; 5 lbs., $3.65.**

Vaughan's Black Diamond. Its prominent points of merit are its extreme size and productiveness. Melons weighing 75 to 90 pounds are frequent. It is the most prolific Water Melon. Its color is a rich, dark green, almost black. **Oz., 7c; ¼ lb., 15c; lb., 50c; 5 lbs., $2.25.**

Sweetheart. A standard shipping melon of the round type. Vine vigorous and productive. The melons are large, uniform and heavy, mottled light and dark green. **Oz., 5c; ¼ lb., 15c; lb., 40c; 5 lbs., $1.85.**

Improved Kolb's Gem. The best known shipping melon of the old type. Color dark with yellow blotch on bottom. **Oz., 25c; ½ lb., 15c; lb., 40c; 5 lbs., $1.85; 10 lbs., $3.25.**

Triumph. One of the largest and handsomest of the large round shipping melons. Dark green. **Oz., 5c; ¼ lb., 15c; lb., 40c.**

Winter Water Melon (Novelty). A small round light colored melon of high quality, which can be kept until Christmas. **Pkt., 10c; oz., 15c; 2 oz., 25c; ¼ lb., 40c; lb., $1.25.**

New Chilian. Nearly round melon, ours is the early strain. A very fine flavored melon; something different and attractive for local market. **Oz., 10c; ¼ lb., 30c; lb., $1.00.**

COLE'S EARLY. (SPECIAL)

COLE'S EARLY.

This is the Best Early Water Melon for the home market today. For sweetness and delicate texture of flesh it has no equal. The rind is thin but brittle, and therefore not suitable for shipping; for the home market we know of none better. Extreme earliness is its great merit. **Oz., 10c; ¼ lb., 20c; lb., 60c; 5 lbs., $2.65.**

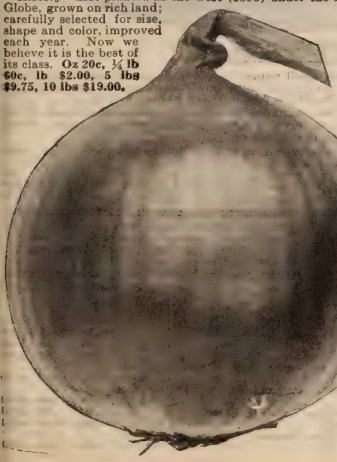
VAUGHAN'S PEDIGREE ONION SEED

Vaughan's strains of Globe Onions have no superior. Our Eastern seed is grown in the large growing districts, seed bulbs are sorted from hundreds of bushels (an impossibility with small growers) color and shape are ideal when planted and placed far apart, the unavoidable mixtures in close western plantings are eliminated. The greater cost to produce seeds in this manner than those under other conditions is justified; it is worth many times such cost to the market planter.



Southport Red Globe. Has a beautiful dark red skin; the onions are large size, very solid and firm, making them first sellers and excellent keepers.
Yield—800 to 1,000 bushels per acre is not uncommon with our seed. It is grown under our supervision by a specially equipped expert in this line.
Eastern grown, **Oz 20c, ¼ lb 60c, lb $2.00, 5 lbs $9.75, 10 lbs $19.00.**
Western grown, **Oz 15c, ¼ lb 45c, lb $1.75, 5 lbs $8.50, 10 lbs $16.50.**

Ohio Yellow Globe. (See illustration.) Best of all yellow onions. Entirely distinct from old type Yellow Globe Danvers. Earlier, smaller necked, perfect globe shape, uniform as to size and color and a greater cropper. Vaughan's Special Ohio grown Seed of this type is an extra fine selection of this most excellent sort, for color, shape and yield. Seed growers regard it the superfine strain of yellow Onion Seed. **Oz 20c, 2 ozs 35c, ¼ lb 60c, lb $2.00, 5 lbs $9.75.**

Ohio Red Globe. A very uniform Red Globe Onion similar in shape to the Ohio Yellow Globe. Lake County Seed, grown by the originator. **Oz 20c, ¼ lb 60c, lb $2.00, 5 lbs $9.75, 10 lbs $19.00.**

Vaughan's Apple Shaped Red Globe. The most perfect market type of Red Globe Onion. Ideal shape for maximum yield. Color is absolutely darkest blood-red. Its size equals any of the largest types of Red Globe.
History—first planted in the west (1896) under the name of Extra Early Red Globe, grown on rich land; carefully selected for size, shape and color, improved each year. Now we believe it is the best of its class. **Oz 20c, ¼ lb 60c, lb $2.00, 5 lbs $9.75, 10 lbs $19.00.**

VAUGHAN'S APPLE SHAPED RED GLOBE ONION

Vaughan's Ideal White Globe Onion is handsomeness personified; true globe form, pure white, hard, small necked, ripens very early, evenly and is a good keeper. We supply the largest market gardeners in Chicago and the west. Don't plant inferior stock with only low price to recommend it; it is far more expensive than our high class seed.
Eastern grown, **Oz 25c, ¼ lb 75c, lb $2.75, 5 lbs $13.50, 10 lbs $26.50.**
Western grown seed, **Oz 20c, ¼ lb 65c, lb $2.35, 5 lbs $11.50, 10 lbs $22.50.**

Southport Yellow Globe. A main crop, late, large, round. Will satisfy the small buyer or the grower for car-load shipments. Truly a grand onion whose large golden yellow spheres make a beautiful appearance sacked or barreled for market.
Best of all yellow onions for keeping. Our Eastern strain comes from a grower with twenty-five years' experience who makes a specialty of this variety.
Eastern grown, **Oz 20c, ¼ lb 60c, lb $2.00, 5 lbs $9.75, 10 lbs $19.00.**
Western grown, **Oz 15c, ¼ lb 45c, lb $1.75, 5 lbs $8.50, 10 lbs $16.50.**

PRIZETAKER ONION

Vaughan's Selected Stock. Handsomest and largest yellow Globe Onion. Fair keeper, of finest flavor, good shape and enormous size, many weighing five pounds or more each, and raised from seed the first year. Is of the same type as those immense onions (imported) seen in fruit stores. Always commands a high price.
Prizetaker nearly always grows to a perfect **globe shape** with a bright straw colored skin; necks are very small; the onions always ripen up hard. American grown seed. **Oz 15c, ¼ lb 35c, lb $1.25, 5 lbs $6.00, 10 lbs $11.50.**

Australian Brown Globe. A very early maturing variety. Bulbs are good size, very solid, heavy. Keeping quality excellent, one of the very best.
The onions are thin necked and ripen evenly in all soils. **Oz 15c, ¼ lb 35c, lb $1.25, 5 lbs $6.00, 10 lbs $11.50.**

OHIO YELLOW GLOBE

Mammoth Silver King. The largest of the white Onions. Specimens weigh 2 to 4 pounds each. Mild flavor. Fine for fancy market. **Oz 15c, ¼ lb 40c, lb $1.50.**

Ailsa Craig. Vaughan's Re-Selected Seed. Very short crop. A better keeping and larger Onion than Prizetaker. Unexcelled for exhibition. For largest size sow early in hotbed and transplant later. **Pkt 20c, ½ oz 30c, oz 50c, ¼ lb $1.50.**

FLAT ONIONS AND SET SEED.

Large Red Wethersfield. This is the standard Red Flat Variety; large; skin, deep purplish red; form, round, somewhat flattened; flesh, purplish-white; moderately fine grained, and stronger flavored than any of the other kinds. It is more inclined to form large necks, if planted on unsuitable soil, than the Danvers, but it is the best variety on poor or dry soil. **Oz., 15c; ¼ lb., 35c; lb., $1.00; 5 lbs., $4.75; 10 lbs., $9.00.**

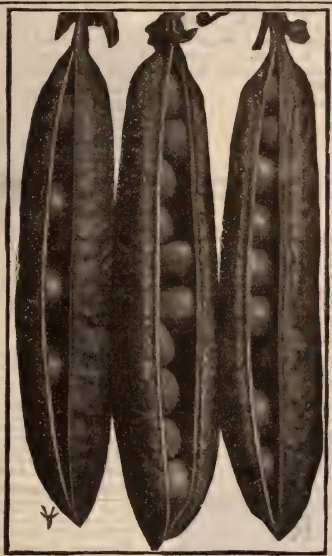
THE CROP

For a number of years there has been an extreme shortage of Peas. The opening of new lands in the far West where conditions for growing seed Peas are good has given us this year a fair crop, although not yet a normal one.

PEAS



NORTHERN GROWN

THE PRICE

Prices are considerably reduced from last year and the quality in general is much better. A marked improvement in stocks and a reduction in prices due to the improved climatic conditions in the new growing districts should result during the next few years.

Vaughan's XXX Parsley. An extra selected and dwarf strain of moss curled parsley. It is without question the handsomest garnishing variety to be found. Its size makes it especially desirable for green-house and frame use. **Oz., 15c; ¼ lb., 40c; lb., $1.50.**

MARKET GARDENERS' STRAINS

Champion Moss Curled Parsley

PARSNIP

Magnum Bonum. A very fine and greatly improved strain of Hollow Crown Parsnip, which we can recommend to all marketmen as a money-maker. The roots are smooth, not so long as those of the standard sort, somewhat thicker in diameter and much more easily pulled. A very heavy cropper. **Oz., 10c; ¼ lb., 20c; lb., 65c.**

Improved Guernsey. An improved strain, which has given general satisfaction. The roots do not grow so long as those of the Hollow Crown, but are of greater diameter and more easily gathered. Of excellent quality. **Oz., 10c; ¼ lb., 20c; lb., 60c**

Hollow Crown, or Long Smooth. (Abbot's Improved.) Smooth, large, tender and sugary; one of the best. Our stock is very fine. **Oz., 10c; ¼ lb., 20c; lb., 60c**

Vaughan's Marrowfat. A thick shouldered hollow crown variety. Extra fine flavor. Its handsome appearance gives it a ready sale. **Oz., 10c; ¼ lb., 25c; lb., 85c.**

PEPPER

Vaughan's Magnum Dulce Pepper.

Decidedly superior to Chinese Giant or any other variety known to market in size and sweet quality. The result of many years' careful selection by a successful grower. The yield of this variety may be greatly increased by pinching out the first or king blossoms which appear. These king blossoms produce the largest peppers. However, in doing so, they reduce the yield. The flesh runs ½ to ¾ inch thick, and is exceptionally mild and pleasant in flavor. Fifteen fruits to a bushel. **Pkt. 15c; oz. 35c; 2 ozs. 65c; ¼ lb. $1.15; lb. $4.50.**

Vaughan's Improved Sweet Mountain. It is a strong grower, very productive. The peppers when young are of a bright green color, without any shade of purple; when ripe they are of a very beautiful red; the flesh is thick, sweet and mild. They often grow 6 inches long by 4 inches through. Our strain has been selected with great care for over twenty years. **½ oz., 12c; oz., 20c; ¼ lb., 60c; Lb., $2.00.**

Ruby King. Grows 4½ to 6 inches long, by 3½ to 4 inches thick. The peppers are bright ruby red; one of the best for stuffed pickles. The mat, or walls, is quite crisp and tender. **½ oz., 10c; oz., 20c; ¼ lb., 60c; Lb., $2.00.**

Chinese Giant. **Double the size of "Ruby King."** Not only is it early in ripening and productive for so large a pepper, but its size will cause it to sell most readily. The fruits are of thick blocky form and of glossy scarlet. They grow four or five inches broad at the top, and are of equal length. All uniformly large. The flesh is mild and unusually thick; it makes an excellent salad sliced and served like tomatoes. **Pkt., 10c; ½ oz., 20c; oz., 30c. ¼ lb., $1.00; lb., $3.50.**

Pepper, New Neapolitan A great market gardeners' variety, two weeks earlier than Bull Nose or Ruby King. It is of good size, mild flavor, and the plants are of good stocky growth. Its great value lies in its prolificacy. The flesh of the fruit is quite thick, and ripens an even bright red color. **Price, ½ oz., 12c; oz., 20c; ¼ lb., 60c; lb., $2.00.**

Pepper, New Upright Sweet Salad This pepper grows upright, and not hanging as do other sorts. It is a cross between Chinese Giant and a very mild, sweet variety. Its value to the market gardener is in earliness and its mild flavor, so mild, in fact, that even the seeds may be eaten raw without inconvenience. Fruits are of medium size, and are produced in good numbers. The color is a very handsome green, and turns a waxen red when ripe. A fine variety for fancy trade. **Pkt., 10c; ½ oz., 25c; oz., 40c. ; ¼ lb., $1.00: lb., $3.50.**

Vaughan's Seed Potatoes

GROWN IN THE FAR NORTH

WHITE OHIO EARLY OHIO

Vaughan's White Ohio.

A white sport from and similar to the "Red" Ohio. Does not yield as well as the "Red," but commands a higher price on the markets where a white variety is demanded. Is of excellent early quality. **Peck, 60c; bu., $1.60; sack (165 lb.), $4.00; bbl., 4.25 10 bu., $14.00.**

Irish Cobbler.

This variety has attained great popularity in the past few years on account of its extreme earliness and heavy yields. On favorable soils, this variety prefers light or sandy conditions, Irish Cobbler will yield well up in comparison to late varieties. The quality is rather coarse but the appearance is excellent and it meets with a ready sale. We are able to offer Red River Grown stock this year and we know our customers will like it much better than any stock they have seen of the variety heretofore. **½ peck, 35c; peck, 60c; bu., $1.60; sack (165 lbs.), $4.00; bbl., $4.25; 10 bu., $14.00.**

Woodbury's White Rose.

A heavy cropping second early White Potato. It inherits its earliness from its parent Early Rose yet in yield it compares with any of the late sorts like Rural New Yorker or Carman. The tubers are white, not so long as Early Rose and therefore are much more attractive for the ordinary market. In season White Rose ripens about ten days later than Ohio, and in quality it is superior to any other early variety. Especially good on light soil and for a local market. **½ peck, 35c; peck, 60c; ½ bu., 90c; bu., $1.65; sack (165 lbs.), $4.10; bbl., $4.35; 10 bu., $14.50.**

Standard Kinds.

Carman No. 3. A popular main crop variety. Our stock is fine this year.

Rural New Yorker No. 2. Standard White Market Potato. Known everywhere as "Dusty" Rural.

Acme. A profitable early potato. Belongs to Ohio type; however, better yielder and earlier.

Sir Walter Raleigh. The best of the Carman Group. A late, flat, magnificent yielding sort. A better yielder than Rural New Yorker.

Noroton Beauty or Quick Lunch. A very early round white potato.

VAUGHAN'S PEDIGREE SEED CORN—Our list of both early and late varieties is complete and up-to-date. Standard sorts recognized by the different breeding associations. No old varieties with new high-sounding names.

Money in Early Potatoes! The potato crop of 1912 is reported one of the largest in history. Considering the apparant surplus prices at this writing are firm. Usually with potatoes high prices and short crop follow low prices and big crop.

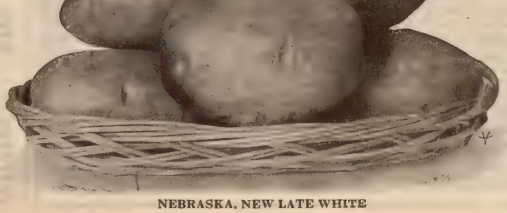
Every market gardener should grow some early potatoes. If local new potatoes did not always command a premium over all other stock, the mere luxury of having new potatoes out of your own garden is one of those enjoyments which attend the gardening trade.

For almost twenty years we have grown our Early Seed Potatoes in the Red River Valley of the North. Now **Vaughan's Red River Valley Grown** True to Type Early Seed Potatoes are the standard of quality throughout the country. Red River Valley Early Seed Potatoes we have found by careful trials are earlier, more vigorous and better yielders than stock from any other section. **Write for latest market prices in quantity lots.**

The prices on our potatoes are f. o. b. Chicago. If to be shipped from New York, add 50c per sack and 20c per bushel; peck and half-peck prices are the same.

Vaughan's Improved Early Ohio.

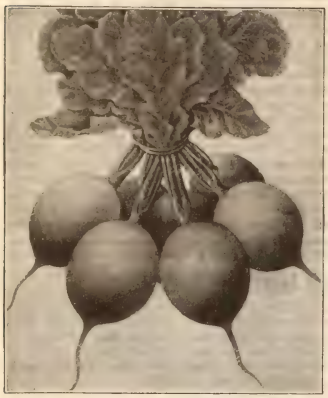
Vaughan's Red River Ohios are now the standard of quality for this sort. We were the first to grow this variety in the Red River Valley many years ago and our stock is the best obtainable. Vaughan's Improved Early Ohio is the earliest heavy yielding quality potato on the market to-day. **Peck, 55c; bu., $1.50; sack (165 lbs.) $3.75; bbl., $4.00; 10 bu., $13.00.**



IRISH COBBLER

Vaughan's New Keystone. A new pure white (the whitest we have ever seen), long, heavy yielding, late potato. We consider it the finest eating quality of all the varieties we have ever tried. **½ peck, 40c; peck, 70c; bu., $1.75; sack, $4.35; bbl., $4.60; 10 bu., $15.50.**

New Potato, Gold Coin. Introduced in the East several years ago. After a trial we find it a very profitable variety in loose and also mucky soils, as the roots run deep. Not so desirable in heavy or clay soils. The tubers are white with slight streaks of pink and run uniformly large. Vines strong and vigorous. **Price, ½ peck, 30c; peck, 55c; ½ bu., 80c; bu., $1.50; 165-lb. sack, $3.75; bbl., $4.00; 10 bu., $13.00.**



NEBRASKA, New Late White.

This is one of the best main crop White Potatoes ever introduced, everywhere outyielding the standard main crop kinds. The vines are wonderful growers and very hardy. Does well on heavy lands as the tubers are flat and set near the surface. **Price ½ peck, 35c; peck, 60c; bu., $1.50; 165-lb. sack, $3.75; bbl., $4.00; 10 bu., $13.00.**

VAUGHAN'S TOMATO SEED

Our seed is raised by the most experienced growers, some of whom specialize on particular varieties only. Cheap tomato seed is very dear for the market gardener.

NEW GLOBE TOMATO (The Most Perfect Table Variety)

Certain Tomatoes sell much better on some markets than do other sorts. For example a red tomato sells well in New York while a purple sort is wanted in Chicago. Find out what your customers want.

New Globe. An entirely new shaped purple tomato. The majority of fruits being elongated in shape. Medium in season it is exceedingly prolific and bears large sized fruit throughout the season. In the few seasons since its introduction it has become the most popular high quality purple sort. Every gardener raising tomatoes should have a planting of this new kind. **½ oz. 12c; oz., 20c; ¼ lb., 70c; lb., $2.50.**

June Pink. The earliest pink tomato. We have a fine strain. Our Chicago customers have made good money on this sort the last few seasons. **½ oz., 15c; oz., 25c; ¼ lb., 75c; lb., $3.00.**

Early Detroit. (New.) See page 4—novelties. A new second early purple variety. Summarized, it is an early Beauty producing even more marketable fruits than that old standard. **½ oz., 12c; oz., 20c; ¼ lb., 70c; lb., $2.50.**

Vaughan's Select Earliana. The earliest large smooth red Tomato. Where a market likes a red tomato this variety is without equal as an early. Our strain has been most carefully bred early in season and produces a large percentage of smooth fruit. **½ oz., 12c; oz., 20c; ¼ lb., 70c; lb., $2.50.**

Bonny Best. An improved type of Chalk's Early Jewel Tomato. A red variety ripening right after Earliana and producing a fine large smooth fruit. It bears for a much longer period than Earliana, lasting well into the main crop season. **½ oz., 12c; oz., 20c; ¼ lb., 70c; lb., $2.50.**

Vaughan's High-Grade Fertilizers

OUR POLICY for the many years during which we have handled Fertilizers has been to supply only the highest grades in each class, omitting cheap and doubtful qualities and stocks into which low grade fillers have been worked for the sake of cheapening the price. Prices on Fertilizers are net cash.

Customers ordering Fertilizers of us can depend on receiving the best grade obtainable.

BONE MEAL, Vaughan's Rose Grower

A special brand we have put up for our trade. Free from acid and a superb article. Analysis—Ammonia 4½ to to 5½ per cent.; total phosphoric acid, 22 to 25 per cent; total bone phosphate, 48 to 54 per cent.

FLORISTS and others acquainted with the Sphagnum Moss conditions are well aware that most of the Sphagnum swamps in the Wisconsin district have been worked out, those parts remaining containing mainly only old deposits full of sticks, weeds and grass. We have succeeded in opening a large new swamp. This moss is bright, clean, new growth, free from brush, grass, or old moss long dead and ready to crumble to pieces.

We put up this Moss in full size bales, covered with new burlap. Continuous rains have kept the marshes filled with water, making extra expense to get moss out and to dry it, besides which burlap has nearly doubled in price. While these conditions add to the cost, the **Quality** we are supplying gives the customer a value for his money equal to the old rates.

Write for Complete Catalog.

We are Special Chicago Agents for Iron Age Tools.

More than 25 years' experience selling garden tools has shown us that the "Iron Age" line is the best in every way. Built right, of the best materials obtainable and designed to do all the sowing and cultivating necessary in a first-class garden. They are complete, adaptable tools—the kind you don't want to part with after you have once used them and know what they will do for you.

Transportation charges prepaid to any railroad station in the United States within 500 miles of Chicago or New York, on orders for "Iron Age" tools, or for seeds and tools amounting to $7.50. (Seeds not prepaid unless so offered on other pages.)

No. 6 Combined Double and Single Wheel Hoe, Hill and Drill Seeder.

The most practical and complete garden tool on the market—four machines in one—a hill seeder, a drill seeder, a double wheel hoe to work astride the rows, a single wheel hoe to work between—each form complete and the equal of any tools on the market made as separate tools for separate purpose. The cut shows No. 6 set up as a seeder—sows accurately in hills at 4, 6, 8, 12 or 24 ins. apart or in drills with a quick change from one to the other—requires little power to operate it because it is light and easy running—is well constructed on sound principals and will wear well—is easily and simply adjusted.

Price Complete $12.00

No. 4 Combined Double and Single Wheel Hoe and Drill Seeder is like No. 6 except it sows in drills only and has a different plow. **Price, $11.00.**

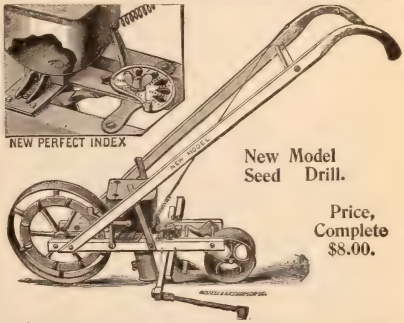
No. 15 Combined Single Wheel Hoe, Hill and Drill Seeder.

A thoroughly practical and complete combination. Will accomplish about all the work of the No. 6 except that it is a Single Wheel tool. Takes about same tools and attachments as the No. 6. In its Seeder form sows either way, in drills or hills. Has strong hollow steel tube frame, the 16 in. wheel and is simply and easily changed and adjusted. When wanted as Hill and Drill Seeder only, order No. 16. **Price, $8.50.**

Price Complete $11.00

No. 17 Combined Single Wheel Hoe and Drill Seeder is same as No. 15 except that it has no hill-dropping device. **Price, $10.00.** If wanted as Drill Seeder only, order No. 18, **Price, $7.50.**

No. 1 Combined Double and Single Wheel Hoe.



This is the Wheel Hoe form of the No. 6. Can be made into Single Wheel Hoe in one minute. Cultivates astride the row close up on each side without injury to the plants or between any width rows with hoes reversed. The steel wheel is 16 in. high, runs easier and don't drop into the low places as a low wheel would do. The frame is made of hollow steel tubing, securely attached to malleable castings—light and very strong. Takes all of the tools shown and various attachments for special work including Drill Attachments to sow in continuous rows or both drills and hills. The latter are $4.00 and $5.00 respectively. **If this Wheel Hoe is wanted plain, with hoes only, order as No. 3. Price $4.25.**

Price Complete $7.00

New Model Seed Drill.

Popular with seedsmen and market gardeners. Exact regulation of seed discharge by using an eccentric index or indicator which adjusts the slide for seed opening exactly where you want it. No series of holes which have to be used whether they answer or not. A swinging cut-off stops flow of seed—does not jam with falling seed.

New Model Seed Drill.

Price, Complete $8.00.

"Gem" Single Wheel Garden Hoe.

Price Complete $5.00.

Built largely of steel and malleable iron. Wheels and handles adjustable for height. The tools include five slender cultivator teeth, two sizes of cultivator teeth and a pair of plows which can be used separately or together.

When used as a cultivator, expands to 30 in. and closes to 14. Can be narrowed to 11 in. by reversing standards. Has long high steel frame that makes the tool run steady and clear of trash. As shown in the cut has lever expander and lever wheel. Can be furnished with plain wheel, Price **$6.00** or with plain wheel and without lever expander, Price, **$5.25**

Price Complete $6. 25

Double Celery Hiller.

These are now considered indispensable in celery growing. The leaf lifters are adjustable in height, and are especially valuable for first workings. Fitted with lever wheel, hilling blades, 43 inches long, adjustable in height or width as wanted. **Price, $15.00.**

Single Celery Hiller.

Runs lighter than the double, and throws rather higher; it works any width rows. Where market gardeners plant close and first bleach every other row, it is "just the thing." **Price, $12.00.**

HIGH-GRADE STOCK

Manderson, S. D., April 15, 1913.

Vaughan's Seed Store: Last fall, I noticed that you said you were selling very superior bulbs of Hyacinths, Tulips, etc. I thought that perhaps they would be no better than many others that I had bought for a great many years. But I bought quite a collection of different bulbs and treated them just as I have always treated other bulbs and will say that I never had such beautiful flowers nor have I ever seen nicer ones elsewhere. I can say the same thing of your seeds also. The only criticism that I have to make is, that you do not say near enough in praise of your bulbs and seeds. Mr. E. M. Keith.

SHOWING BULBS OF VAUGHAN'S STAR BRAND PAPER WHITES AS THEY RUN IN THE CASE

WE WILL MEET ANY COMPETITION BY SAMPLES AND WE WILL PROVE TO ALL NEW BUYERS WHAT OUR OLD CUSTOMERS KNOW. IT IS SAFE TO BOOK YOUR ORDER WITH VAUGHAN'S SEED STORE. 25 YEARS IN THE KNOW HOW.

Paper White Grandiflora

Neither our Paper Whites nor Romans are **misbranded** by importing one grade and stenciling it one grade larger, but "we've known it done" by some importers, and some who, unfortunately, are still in the game.

We pay the highest price for true Grandiflora in the country of its growth and the bulbs are as near those we agree to deliver as the crop and the season produces. We aim to deal with such reliable French importers as will pack straight goods. **Vaughan's Paper Whites** will average one dollar ($1.00) higher real value per case than those you pick up from the average **Dutch peddler,** and will reach you earlier in the season.

Get samples, compare sizes, qualities, weights and general appearances as well as prices, then you will know where you are. There is no other or safer way. **VAUGHAN'S SEED STORE** especially invites tests of all its goods by sample, rather than "Hot Air" reference to the goods.

Paper White, Grandiflora, Vaughan's "Star Brand" (about 1000 bulbs in a case), per 100, $1.75; per 1000, $11.00.

Paper White, Grandiflora Fancy (about 1250 bulbs in case), per 100, $1.10; per 1000, $8.50.

PAPER WHITE GRANDIFLORA PRECOCIOUS

This is a special strain of Paper Whites selected by one of our best French growers. We have proved it to flower 10 to 14 days earlier than regular Grandiflora. You will find it of great value for early use.

Select Bulbs—13 centimeters and over, per 100, $1.50; per 1000, $10.00.

Mammoth Bulbs—14 centimeters and over, per 100, $2.00; per 1000, $12.00.

LILIUM GIGANTEUM

LILIUM CANDIDUM—Thickly Petaled

Our Lilium Candidums are the thick, broad petaled type so superior to the narrow petaled south-of-France stock. The bulbs are plump, heavy and healthy. This crop was a comparative failure last season in France. We hope for better results this season and shall use every effort to get the largest, soundest bulbs.

LILY OF THE VALLEY

In packing and grading the Lily of the Valley Pips for our trade pips of one type and style of growth, raised on the same soil, will be branded separately, so that the customer receiving a certain number and brand from us and forcing it to his satisfaction can depend on the same grade right along until sold out and will be advised by us when the grade is changed. This, we believe, will be much more satisfactory to the forcer than the former indiscriminate method of delivering all kinds and shapes of Valley under one brand, the planter never knowing what kind of a pip would open up in the next case received.

OUR LONDON MARKET BRAND

This brand, as sold by us for several years, stands for the best select forcing pip for cold storage which we can secure in Germany. Full sized pip, with long, healthy fibrous roots and sound tap root. We buy each year a better grade at a higher cost. We do not sell these on price competition. We sell them on merit, price being a secondary matter. It will pay you to take these. **Per 100, $1.85; per 1000, $16.00; per case of 2000, $31.00; per 5000, $75.00.**

PREMIUM BRAND

This is a high-grade pip for late forcing and should not be compared with regular Hamburg stock offered at much lower prices. **Per 100, $1.50; per 1000 $13.00; per case of 2500, $32.00; per 5000, $62.50.**

JAPANESE LILY BULBS

ESPECIALLY GIGANTEUM

Vaughan's Seed Store delivers the best selected lily bulbs that grow, selected, inspected, and packed under the supervision of white business men **who intend to do right,** who have a reputation, and strive to maintain it. **Our** arrangements in Japan provide for a selection of sound, wellshaped lily bulbs, graded as the Japanese dealers have never been known to grade them. Crescent shaped, malformed and undersized bulbs are taken out and we are ready and anxious on any request to submit samples of Vaughan's picked bulbs for comparison with any grades, imported for this market.

N. B.—We solicit your continued support on the basis of straightforward dealing.

LILIUM FORMOSUM

Growers must not force Formosum in great heat. A cool house, 60 to 65 degrees, with plenty of moisture, is better, but they will certainly do best when grown in pots. The so-called Formosum seems to be a class rather than a single type, and starts into growth irregularly, so if in pots they can be shifted into sections representing varying heights, thus giving the growing plants of different heights proper light and watering.

VAUGHAN'S CANNAS

FIREBIRD

This is by all means the **very best red-flowered, green-leaved Canna.** The flowers are borne in immense trusses, on strong stalks well above the leaves. They are of splendid form, round and shapely. The petals measure 2½ inches and over across. The color is a clear glistening scarlet without any streaks, spots or blotches.

We have seen and tested many varieties during the thirty years we have devoted to their culture and have never seen one that can approach it. Florists who visited our greenhouses last summer will remember it as seedling No. 111.

Strong plants ready April 15th, 1914. Each $1.00; Dozen $11.00

VAUGHAN'S GIANT WHITE

The flower of this new Canna, of which we purchased the entire originator's stock, is of the purest ivory white and is beyond a doubt the very best on the market. The spikes and flowers are of immense size, the petals measuring 2½ inches in diameter. The flowers do not burn in the hottest sun. The foliage is strong, vigorous and of a bright dark green. 3½ feet. **Each, 75c; Dozen, $8.00.**

GERMAN IRIS—Fleur-de-Lis or Flag Iris

German Iris are all sun-lovers and delight in a well-drained situation. They almost outrival the Orchid in delicacy and richness of coloring. They are splendid for beds, border or front of shrubbery. Plant in bold groups for best effect. Avoid planting too deep, barely covering the rhizomes (creeping root stems) being quite sufficient.

☞ "S" refers to the three standard or upright curling petals. "F" refers to the three falls or drooping petals. We offer the following choice collection:

FRUIT TREES

Since we grow these Fruit Trees mainly for our retail trade the quality is vastly superior to stock ordinarily offered by Nurserymen, hence prices should not be compared to ordinary fruit tree stock. Our Trees are just what the better class of retail customers require.

VAUGHAN SPECIAL

Vaughan's International Pansy Mixture was first prepared and offered by us in 1889. We import from all the best European sources, and personally inspected the fields of French and German specialists of their finest strains. These with the best American types made up the collection. Each year has added to the quality of its flowers and the variety of its colors. We buy every year novelties of known merit to improve the mixture. This is the reason it is always complete, always the latest and always the best mixture as we believe. We add to all the Pansy Mixtures which we now buy more than fifty per cent of the choicest named kinds obtainable, each in rightful proportion. We thus know what it will produce. This is one of the **specialties** which has established and held the reputation of Vaughan's Flower Seeds, and this is one which we maintain most carefully, not alone as to quality, but in vitality and germination. You are beginning right in Pansy growing when you start with Vaughan's International Mixture. **Trade pkt 50c, ⅛ oz $1.50, ½ oz $5.00, oz $10.00.**

FLORISTS and others acquainted with the Sphagnum Moss conditions are well aware that most of the Sphagnum swamps in the Wisconsin district have been worked out, those parts remaining containing mainly only old deposits full of sticks, weeds and grass. We have succeeded in opening a large new swamp. This moss is bright, clean, new growth, free from brush, grass, or old moss long dead and ready to crumble to pieces.

We put up this Moss in full size bales, covered with new burlap. Continuous rains have kept the marshes filled with water, making extra expense to get moss out and to dry it, besides which burlap has nearly doubled in price. While these conditions add to the cost, the **Quality** we are supplying gives the customer a value for his money equal to the old rates.

Our connections with woodsmen and merchants in the Green Woods Districts for twenty years have been businesslike and cordial, meeting our contracts promptly and satisfactorily. This record puts us in a position to secure the best stocks obtainable.

Bouquet Green becomes more scarce and difficult to secure almost every year. Our expenses in securing new and unculled localities, securing and training competent and reliable buyers, means materially increased cost. We secure the best Green obtainable, abandoning old and worn out sections.

Write or wire us for prices whenever you are buyers. We ask you especially to give us an inquiry on the day you are ready to buy, as values on Green fluctuate greatly and almost daily. Our position in this market enables us to quote right prices.

Prices ready in October, write us. (25 lbs. $2.00.) On ton lots write or wire for prices.
